ITT 'deal' told

WASHINGTON (UPI) — Newsman Brit Hume told Senate investigators today that ITT lobbyist Dita D. Beard told him she had "struck a bargain" with John N. Mitchell at a Kentucky Derby party for settlement of government antitrust actions against ITT.

The claim directly contradicted denials by Mitchell, President Nixon's campaign manager who then was attorney general, that he was never involved in last year's out-of-court settlement with International Telephone and Telegraph. Mitchell, as recently as Thursday night, denounced as "totally false and without foundation" an intimation that the President had discussed the case with him, while repeating that he had no part in the arrangement.

Hume, an investigative reporter for columnist Jack Anderson, was recalled for more questioning by the Senate Judiciary Committee which is looking into the antitrust settlement and a pledge by the giant firm to help underwrite the Republican National Convention this year.

Also involved is the nomination of Richard G. Kleindienst to succeed Mitchell as attorney general.

According to Hume, Mrs. Beard told him that at the 1971 Derby party given by then-Kentucky Gov. Louie B. Nunn she was initially angrily berated by Mitchell for her lobbying on behalf of ITT.

"Hume related that she then said Mitchell apparently relented and 'became very sweet to me.'"

He quoted her as telling him she and Mitchell sat at the same table for a buffet dinner and quoted Mrs. Beard as saying "the bargain was struck."

British say forces out to stay

LONDON (UPI) — Britain warned Malta's Premier Dom Mintoff today that once the last of its troops leave his Mediterranean fortress island they may not return.

The government told him Britain will complete its military pullout by Mintoff's own March 31 deadline, probably even earlier, unless agreement on future rent for British military bases in Malta is reached.

Flightless

A MOTORIST coming upon this wreckage of a light aircraft might have been startled by the encounter on U. S. 93 near Ketchum Thursday. The wrecked plane, which crashed into a hillside between Halley and Ketchum Feb. 26, was taken to the Gimlet Airport for storage until it is sold. Three Medford, Ore., residents were injured in the crash.

Wholesale price index creeps up

WASHINGTON (UPI) — Wholesale prices rose 0.7 per cent in February, the Labor Department reported today, with soaring food prices mostly to blame.

The wholesale price index, seasonally adjusted, was up sharply from the 0.4 per cent adjusted gain in January, indicating that a widely predicted post-freeze price "bulge" was not yet over.

Without seasonal adjustments, the February gain was even larger — 0.9 per cent. In January, the unadjusted rise was 0.8 per cent.

Prices for farm products and processed foods and feeds leaped by a seasonally adjusted 1.8 per cent after rising only 0.2 per cent the previous month. The bulk of those items,

however, are not covered by price controls.

Food prices rose 1.9 per cent in February after dropping 0.1 per cent in January. Higher meat prices was the chief cause of the February increase, the department said.

Industrial prices, considered the best measure of inflationary pressures by many economists, were up 0.4 per cent in February, equaling the January increase.

Industrial commodities account for about three-quarters of the wholesale price index

and are considered a bellwether of the effectiveness of the economic stabilization program.

The index stayed about dead center during the 90-day wage-price freeze, from Aug. 15 to Nov. 14, then spurted sharply when controls were eased.

When adjusted for seasonal variation, the index rose 0.7 per cent in December, 0.4 per cent in January and 0.7 per cent in February. Discounting seasonal factors, the increases were 0.8 per cent in December and January and 0.9 per cent last month.

Extortion halt sought

WASHINGTON (UPI) — Following up President Nixon's tough new airline security orders, Transportation Secretary John A. Volpe said today the government's full resources would be used to halt the recent rash of extortion threats.

In a closed meeting with the heads of 29 major airlines, Volpe served this warning: "The government has the resources and the determination to see to it that the American people retain the right to travel without fear for their safety."

"I can assure you of this: We are not going to tolerate the abuse of the nation's airlines," Volpe said.

Volpe said the President's new regulations issued under executive order on a speeded-up basis Thursday would be a major step in ending air terrorism.

He also said "it is a possibility" that the administration might seek legislation

which would prohibit airlines from paying extortion ransom to hijackers and bombers.

Volpe added: "The threat posed by a bomber who hopes to extort money from airlines will face the full force of the government. This is a threat to the safety and security of our civil air system that cannot and will not go unanswered."

He said the government had demonstrated that it could deal "from positions of strength and resourcefulness with the threats of air piracy" and noted the number of successful hijackings had been cut from a high of 83 per cent in 1969 to 44 per cent last year.

The airline executives met under heavy security precautions and were briefed by Volpe, Federal Aviation Administrator John H. Shaffer and Gen. Benjamin O. Davis, head of the government's airline security program, on the new Nixon program.

Panel inspects Salmon project

TWIN FALLS — Four members of a Congressional subcommittee were in Twin Falls today in preparation for a hearing on the \$46 million Salmon Falls Irrigation project.

The key subcommittee, headed by Rep. Harold T. Johnson, D-Calif., was scheduled to take a tour of areas affected by the proposed mammoth Twin Falls County Irrigation project.

Rep. Johnson was accompanied by Idaho Reps. Orval Hansen and James McClure, both Republicans, and Rep. Teno Roncallo, D-Wyo. Hearings before the Irrigation and Reclamation Subcommittee of the House Interior Committee were scheduled to begin Saturday at 9:30 a.m. at the College of Southern Idaho.

The project would provide supplemental irrigation to 39,360 water-short acres and provide water to 14,730 acres previously not irrigated.

The major project expense would be construction of a canal system to carry water from the Snake River upstream to high elevation land to the south and west of the Twin Falls

Irrigation Tract. The project involves construction of a pumping plant above the existing Milner Dam to lift water into the 47-mile-long canal.

The canal would serve two irrigation units on the south side of the river. An additional pumping plant would be required near Hollister.

Idaho Gov. Cecil Andrus released a statement prepared for delivery before the subcommittee. In it, he strongly endorsed the project.

"The project will bring considerable economic benefit to the area, the state and the region," he said.

He said the areas served by the project had been "water short" in past years.

Andrus also cited the project's favorable effect on fishing and wildlife resources and outdoor recreation.

Idaho Water Resources Board Director Robert Lee said in a prepared statement for the subcommittee that the board also supported the project.

Declo man dies in Burley crash

BURLEY — Edward R. Kelsey, 85, prominent Declo resident, died Thursday evening at Cassia Memorial Hospital following a three-vehicle accident in Burley.

The accident occurred at 3:40 p.m. at West Main Street and Occidental Avenue. Kelsey was driving a pickup truck south on Occidental Avenue.

He stopped at the stop sign, then proceeded through the intersection and was hit broadside by an eastbound car driven by Roberta S. Warren, 17, Burley.

After the collision the pickup proceeded across the intersection, hitting a stop sign, and a light

pole, then struck a parked vehicle owned by S. L. Peterson, Paul.

Kelsey was partially thrown from his vehicle. The Warren and Kelsey vehicles were both demolished. The Peterson vehicle received about \$500 damage to the right front fender.

The accident was investigated by the Burley Police Department.

Kelsey was well-known throughout southern Idaho for raising purebred sheep.

He was one of the original and continuing consigners at the annual ram sale at Filer.

He had been Cassia County Grassman of the Year. He also raised cattle on his ranch at Declo.

Mr. T-N says
Valley farmers probably wonder how much of the food price increase they will receive.

New draft rules focus on appeals

WASHINGTON (UPI) — Selective Service announced today its last major group of regulation changes, designed to insure young men procedural rights in their appeals and appearances before local draft boards.

"You can characterize the pre-1969 Selective Service as a state and local system with very little national uniformity," which to request a personal

Draft Director Curtis W. Tarr said in announcing the last board

changes. The changes give a registrant the right to have three witnesses in his appearance before his local board, and to make personal appearances before state and presidential appeal boards if necessary. Previously, a registrant had 30 days from the date of his initial notice of classification in which to request a personal appearance before his local

French executive released

PARIS (UPI) — Maoist kidnapers today freed Renault automobile factory executive Robert Nogrette, 63, when the kidnapping failed to bring worker support and the French government called the kidnapers "savages" who would pay for their crime.

Nogrette was furnished with black glasses so he could not see the route the kidnapers followed in driving him to a dry cleaning establishment on the Left Bank. They also gave him a white cane to carry so passerby would think he was blind.

Nogrette, tired but unharmed, called police. Police said they thought it was a practical joke but sped a police car to take him to police headquarters for questioning. They said he was unable to identify pictures of known Maoist leaders as his kidnapers since the kidnapers disguised themselves with mountain parkas which hid all of their faces except their eyes.

New crisis grips mart

LONDON (UPI) — The U.S. dollar staged an early recovery in key European financial centers today but the dollar crisis remained and financial circles predicted there would be new troubles ahead.

The dollar plunged to all-time lows Thursday, bringing fears of another world money storm that devaluation of the dollar last December was supposed to have averted.

Financial circles said they feared reluctance of central (government) banks to take in still more unwanted dollars which might trigger yet another round of exchange restrictions. The December agreement in Washington was designed to avert such currency curbs.

The dollar rallied in Britain, West Germany, France, Holland and Belgium soon after trading started.

Dealers had varying views on the recovery, ranging from technical market reasons, late buying from New York Thursday of the approach of the

meetings on international currency problems in Basel, Switzerland. West German dealers said it was impossible to tell whether the State Bank-Bundesbank was intervening there and was responsible for dollar's early gain. The Bundesbank has been holding off buying dollars for several days and instead has permitted the value of the West German mark to soar. Frankfurt banking sources said trading volume was unusually large for Friday, an indication of how much pressure is on the dollar, they said. London dealers said trading was hectic but thin with smaller deals making the running. They said the price of the dollar for immediate exchange had improved but in deals covering deliveries of currencies in future months the dollar had turned weaker on all dates up to six months away. Opinion in financial quarters was that the latest bout of heavy dollar sales stemmed from several factors including the recent European Common Market (EEC) move toward

Cambodia leader resigns

PHNOM PENH (UPI) — Cheng Heng, the Cambodian Chief of State, bowed today to two days of student unrest and resigned, handing over all power to ailing Premier Lon Nol.

The student unrest was directed chiefly at acting Premier Gen. Sirik Matak who has carried on the duties of that office while Lon Nol recovered from a crippling stroke.

Despite the unrest, government sources said Lon Nol officially named Sirik Matak as premier today and students proclaimed "we will resist to the last breath; we are against any trick of Sirik Matak to seize power."

Directs Idaho's health

BOISE (UPI) — Jack Steneck is the new director of Idaho's Mental Health Program, health department. Interim Administrator Robert H. Des Aulniers announced Thursday. Steneck has been acting director of the division of mental health since the resignation of Dr. Myrick W. Pullen last September.

Des Aulniers said in making the announcement, "The leadership abilities demonstrated by Steneck during the six months he has served as acting director are conducive to the kind of progressive mental health program the state has struggled to develop with only limited success in the past years."

The new mental health director joined the Idaho Health Department in 1956. He holds a bachelor of science degree in psychology from the University of Idaho and a master's of social work degree from Washington University, St. Louis, Mo.

He is a native of Rupert.

Senator charges intimidation by Andrus' administrative assistant

BOISE (UPI) — Sen. Marsden Williams, R-Idaho Falls, rising on a point of personal privilege, told his fellow senators Thursday he had been intimidated and physically threatened by Gov. Cecil D. Andrus' administrative assistant.

Williams said he was approached by Edward V. Williams in an "offensive and threatening manner" and reproached for his votes in the Finance Appropriations Committee.

The administrative assistant, asked about the incident, said only he would "apologize for Marsden Williams if his conscience is bothering him."

The senator said he was later called from caucus by a page and again threatened with a governor's veto.

The senator said he told Williams to "Just quit twisting my arm" and in return was told

"I wouldn't just twist your arm. I would take your neck off."

The administrative assistant — noting one of the bills was signed by the governor before he even spoke to the senator — said "he picked violence."

Williams said he was approached by Edward V. Williams in an "offensive and threatening manner" and reproached for his votes in the Finance Appropriations Committee.

The administrative assistant, asked about the incident, said only he would "apologize for Marsden Williams if his conscience is bothering him."

The senator said he was later called from caucus by a page and again threatened with a governor's veto.

The senator said he told Williams to "Just quit twisting my arm" and in return was told

picked the anatomy. He said he was "sorry that Marsden took this to the floor of the senate. I would be glad to discuss it with him."

The administrative assistant said he went up to the senator to

ask if he wanted the bills signed. And when he responded in the affirmative "I said it sure would be nice if he'd start yelling to help some of those other cities."

French officials offer help in peace efforts

PARIS (UPI) — Government officials today reasserted France's readiness to provide diplomatic help in efforts to negotiate peace in Indochina, and outside the Paris peace talks if necessary.

The statement came while the North Vietnamese and Viet Cong delegates to the Paris peace talks remained silent on whether they would attend next Thursday's session as requested by the U.S. and Saigon delegations.

The American and Saigon diplomats called off this week's meeting to signify their protest

over the Vietnamese Communists' withdrawal from the Feb. 24 session, and suggested that the conference resume March 16.

Government officials said the French government, which has been hosting the peace talks since their preliminary phase opened in May 1968, had never dropped its interest in seeing the Indochina conflict settled through peace negotiations.

France still stands by the 1968 declaration made by the late President Charles de Gaulle in Phnom Penh, that the fixing of a firm date for U.S. withdrawal from Vietnam and

the area's neutralization would help bring peace back to the region, officials said.

Inmates destroy jail

SANTA ROSA, Calif. (UPI) — Sonoma County jail inmates rioted Thursday, leaving the second floor destroyed and "unlivable." One hundred and one convicts finally had to be transferred to nearby San Quentin.

About 100 police got to the second floor and shot tear gas into the midst of the men. They were then led to holding cells on the main floor and subsequently transferred.

Sheriff Don Stierpeke said one inmate triggered the chaos by throwing his food to an alley outside the jail. He said the remaining 100 inmates on that floor then began to start fires, and tear up mattresses, papers and clothing. He said the floor was left without power after light fixtures and toilets were torn from the walls.

Stierpeke said three inmates suffered minor cuts and scratches. He said he knew of no reason for the incident, but promised an investigation.

There had been a protest at the jail Tuesday during which a few inmates set fires over to protest clothing and food conditions.

Obituaries

Tomas Ysursa

BOISE — Thomas Ysursa, 79, Boise, died Wednesday at a Boise Hospital of a long illness. He was born in Yurreta, Vizcaya, Spain, Dec. 21, 1892. He married Antonia Yribar, July 10, 1920, in Boise.

He came to Boise April 6, 1917. He lived in Boise over 60 years. He built and operated the Basque restaurant known as the Valencia, from 1940 until retirement in 1966.

He was preceded in death by his wife on Nov. 4, 1966.

Survivors include one brother, Benito Ysursa, Boise; three sisters, Mrs. Juanita Yribar and Mrs. Victoria Balboa, both Boise; Gilma Ysursa, Durango, Spain; and several nieces and nephews here and in Spain.

Services will be held in Boise tonight and tomorrow.

Leslie Bowcut

BURLEY — Leslie P. Bowcut, 66, Burley, died Thursday at Cassia Memorial Hospital.

Funeral services are pending and will be announced by Payne Mortuary.

DECEASED — Edward R. Kelsey, 85, Dece, died Thursday at Cassia Memorial Hospital of injuries received in a car accident.

Funeral services are pending and will be announced by the McCulloch Funeral Home, Burley.

Funeral Services

TWIN FALLS — Services for Forrest G. Smith will be at 1 p.m. Monday at White Mortuary Chapel with Bishop Stanley Sngw officiating. Burial will be in Sunset Memorial Park.

S. Viet general relieved

SAIGON (UPI) — A South Vietnamese general involved in the death of a soldier who allegedly tried to assassinate him has been relieved of his position as deputy commander of the country's second military region, military source said today.

Brig. Gen. Lam Son was discharged from the position March 7 by order of the army chief of staff, Gen. Cao Van Vien. Lam Son has not been replaced, the sources said.

Lam Son had a reputation for mistreating his troops, sources said.

Coast Guard search continues

NEW ORLEANS (UPI) — The Coast Guard said search and rescue operations have 80,000 miles to cover today, hunting the Liberian tanker San Nicholas in the Gulf of Mexico.

The Nicholas, carrying 18,000 tons of molasses from Brazil, has been missing since Monday with 30 persons aboard.

It was the second huge tanker to vanish in the Gulf waters in six weeks. The American tanker V. A. Fogg disappeared Feb. 1 with 39 men. The submerged wreckage, ripped apart by an explosion, was found on the ocean floor two weeks later. There were no survivors.

Court awards \$14,000 for TF property

TWIN FALLS — Owners of property in the downtown redevelopment area were awarded \$14,000 Thursday by a Fifth District Court jury.

The Urban Renewal Agency of the city of Twin Falls had filed condemnation proceedings a year ago to obtain property owned by Kenneth Drury and Elizabeth Calhoun adjacent to the Twin Falls Bank and Trust Parking lot on Second Avenue South.

The agency had unsuccessfully attempted to purchase the property.

Mrs. Calhoun and Drury had asked \$30,000 for the property.

In April, 1971, an order was signed, giving the Urban Renewal Agency possession of the property through the duration of the suit.

A board of three commissioners was appointed by the court to set a price on the property. They met and determined Mrs. Calhoun and Drury would suffer \$9,250 damages by reason of the condemnation and appropriation of the property by the agency.

Wednesday morning the case began before Judge Theron Ward in Twin Falls. Just prior to the jury being given instructions Thursday afternoon, the sum asked for the property was dropped from \$30,000 to \$25,000.

The jury retired at 2:55 p.m. and returned with its verdict at 4:20 p.m. Nine of the 12 jurors signed the verdict awarding the defendants \$14,000.

Two-car wreck

ACCIDENT victim is removed from the site of a two-car wreck Thursday in Twin Falls. The car in which seven Post Falls girls were riding is shown tipped on its side in the background. Ambulance attendant Pat Birmingham is in the foreground.

2 Post Falls girls injured

TWIN FALLS — Two Post Falls teen-agers were admitted to Magic Valley Memorial Hospital Thursday following an accident on Blue Lakes Boulevard North.

Debbie Eugene Martin, 17, driver of one of the vehicles, and Debra J. McMinimy, 18, a passenger, were taken by ambulance to the hospital. Miss Martin is in good condition and Miss McMinimy in fairly good condition.

Barbara J. Doty, 17, also Post Falls, was treated and released.

The three were among seven Post Falls girls riding north on Blue Lakes Boulevard North when the accident occurred about 12:30 p.m.

Twin Falls Police said the car driven by Miss Martin was attempting a right turn when it collided with a vehicle driven by Robert F. Schroeder, 27, Twin Falls. The Martin vehicle landed on the driver's side in a parking lot.

Others in the Martin vehicle were Cherry Martin, 15; Charlotte Bowen, 14; Kathy Thomas, 17, and Mary Bowen, 12.

Officers said the girls were in Twin Falls for the basketball tournament.

State attempts to seize auto

TWIN FALLS — A request for judgment by the Idaho Board of Pharmacy against a Kimberly man has been filed in Fifth District Court.

The action, implemented by the Idaho attorney general's office, seeks title to a 1968 automobile owned by Kimberly Orson Thomson, 20, Kimberly.

Thomson was arrested Feb. 1 on a warrant charging delivery of a controlled substance. His car was impounded at that time.

According to Idaho law the state has the right to take possession of any vehicle used as an instrument of crime in either bootlegging or drug cases.

Resolution asks suitable mansion

BOISE (UPI) — A concurrent resolution aimed at doing something about finding a more suitable executive mansion for the governor was introduced in the house Thursday by the Ways and Means Committee.

It calls for appointment of a citizens' committee to recommend the selection of a site for the mansion and of an appropriate design for one. It permits the committee to spend up to \$5,000 on its research.

A house member recently called the present governor's mansion a "disgrace" during a debate on another matter before the body.

The Suez Canal became the uncontested property of the United Arab Republic on July 13, 1958.

Competition set

TWIN FALLS — Competition will begin at 1 p.m. Saturday in the Idaho State Junior Rifle and Pistol Championships.

One hundred entrants are expected in the junior and sub-junior divisions of the matches, which are sponsored by Twin Falls Rifle and Pistol Club Junior Division.

Firing will be conducted on the Rifle and Pistol Club range 2.5 miles north of West Five Points and a quarter mile west.

Saturday's firing will be for 40 sub-junior, starting at 1 p.m. A field of not more than 60 juniors will begin firing at 8 a.m. Sunday. Both individual and team competition is planned.

The Candidate

Several leading Democrats of this area have told us they cannot get excited about the two announced candidates — and another who is expected to announce — for the United States Senate race.

Latest to enter the race — the second one to announce — is Byron Johnson, a Boise attorney. In his announcement this week he listed the environment, the economy and the war in Vietnam as the issues. First to announce in the Democrat race was Rose Bowman, also of Boise and a former Twin Falls teacher. Everyone expects Tony Parks, the attorney-general and also from Boise, to announce soon. Right now he is busy aiding a "Draft Parks" movement.

The Democratic leaders say it is unfortunate all three are from Boise. They also say that it is un-

fortunate, with the exception of Parks, that the candidates are not well known. Even in the case of Parks he is new to politics and the fact he has been attorney general for a few months has little to do with qualifying him for the United States Senate.

Many people are disappointed. The Democratic leaders tell us they still hope for someone who is known statewide to enter the race. But right now there is no such person on the horizon.

A possibility is Vern Havenscroft from Tuffee. He has been rumored as getting ready to announce for the Senate race. But from where we sit we have a suspicion that he will, instead, come out in opposition to Cong. Orval Hansen. And, if he does, that will be the highlight race of the elections.

Trade Lag

The third largest trade deficit in history in January is further proof that new monetary policies alone will not correct the United States' deteriorated trade position. Those monetary policies which resulted in the dollar's devaluation may have helped increase the value of American exports.

But the \$318.9 million trade deficit for January remains far below an acceptable balance. The administration has said that for the dollar to regain its strength internationally, the trade balance will have to be substantially in the black.

Trade shipments during the latter half of January were seriously disrupted again by the dock strike. During the first half of the month when the docks were operating, the influx of foreign goods was at peak levels. No

authoritative estimates have been given on what the January experience would have been had the ports not been seriously hampered by the strike. But it is generally accepted that such disruptions hurt exports more than imports.

If so, February's trade picture may not have been much improved over January. If it was not, the goal of a substantial trade surplus for the year will be in jeopardy.

Contrasting with the trade picture is the domestic economy which is showing definite signs of revival. The government's composite index of leading economic indicators rose 2.3 percent in January — the largest increase for one month since the fall of 1968.

Other indicators are showing similar promise. Of all the contributing factors, trade is turning in the worst performance.

Fat Chance

In the wake of President Nixon's trip to Red China, perhaps there are not as many impossible events as formerly. Some ideas, however, are still less possible than others.

One which still ranks at least as incredible is a suggestion by French author Andre Malraux. It is that the main reason Peking wanted to talk to the American president was so China could be added to the list of foreign aid recipients.

Because of the difficulty the administration has had in getting a foreign aid measure of any kind through Congress in recent years, adding Red China to the list would insure the program's defeat. Come to think of it, however, it is not unlikely Mr. Nixon's hosts did make such a request.

They are notorious horse traders who aim high in hopes of picking up some crumbs.

MR. SPECTATOR

Food For Thought

On this Friday evening, Mr. Spectator thought you might be interested in what United States Department of Commerce figures show concerning environmental pressures and also in what a leading executive thinks of the situation.

We bring this to your attention from among things which cross our desk. We were informed, for instance, that 219 plants were shut down last year primarily because of these pressures.

Many of them were small, family-owned enterprises which were forced out of business because they just did not have the broad corporate base necessary to finance the often-huge expenditures required by the new environmental standards.

Not always are they just "Ma and Pa" businesses. According to James H. Evans, president of Union Pacific Corp., smelters have had to cut back operations in Arizona because of the new state emission standards.

The irony is that the copper that the smelters can no longer handle is shipped to Japan for smelting, then brought back to this country. In other words smelter workers' jobs are being exported with the copper.

When plants close, for whatever reason, nobody gains. Workers and their families suffer from unem-

ployment. Communities and states lose tax money at the very time the public has to support and help retrain or relocate those who are out of work.

Yet private industry accounts for only a fraction of the pollution in this country. We are told that the bulk of it comes from agriculture, automobiles, from sewage disposal, from large government installations and other non-industrial sources.

We are also told that attempts to achieve zero growth are pure folly. Evans says the answer is to keep moving ahead "for the simple reason that most environmental problems require technological solutions."

But Mr. Spectator worries about those 219 companies that went out of business in 1971 — or about the ones who will quit this year or next year — all for environmental reasons.

It is really a problem. And the problem is now in Idaho. And most of the officials say the "big one" here is agriculture. So we had all better be interested. We just thought you would like to think this one over.

TODAY'S CHUCKLE

Enough is what would satisfy most of us if the neighbors didn't have more.

CHRIS CARLSON

Idaho's Private Lands In Peril?

WASHINGTON — A draft bill with a potential bombshell effect on Idaho's federal, state, and private lands is being hotly debated behind closed doors by the House Interior committee.

Among other things, the bill, written by Colorado's powerful Wayne Aspinall (D), would repeal the Desert Land Entry Act, repeal and revise the Taylor Grazing Act, adopt a payment-in-lieu-of-taxes formula, seek to maximize monetary return from use of the public lands, and possibly pose an incipient threat to the State's water rights.

The bill closely parallels many of the recommendations put forth by the Public Land Law Review Commission, which was chaired by Aspinall.

The Colorado Democrat is also chairman of the House interior committee.

Stated purpose of the bill is to establish a public land policy and provide guidelines for its administration; to authorize grants to encourage and assist States in preparing and implementing their own land use programs; and, to coordinate Federal programs and policies which have a land-use impact.

Rep. James McClure, R-Idaho, who is a member of the Interior subcommittee on the environment that is debating the bill, charged in an interview the bill could have "a potentially devastating impact on Idaho."

He added "its impact will be

on all public lands, as well as all private lands. A few years ago there was a tremendous amount of concern about private property rights, but today ..."

McClure acknowledged that four secret meetings had been held, and that Aspinall had thought the four meetings would be sufficient to cover the subject.

Committee members, however, including McClure, have raised so many questions that additional meetings will be required. Aspinall has scheduled the next meeting to be held in two weeks and told those with objections to bring along any amendments they wish to propose.

A check with the Bureau of Land Management confirmed

McClure's contention that Idaho still makes good use of the Desert Land Entry law. According to the BLM, in fiscal year '71 approximately 19,200 acres were patented in Idaho under the law, and the figure represents almost 90 percent of the acreage patented that year in the United States.

McClure conceded he will probably fight a losing battle to save the Desert Land Entry law. "Idaho is the only one of the 50 states really affected," he said. "It will be repealed, because I'll be standing alone," the Payette Republican and declared senatorial candidate said.

According to the BLM, Idaho has approximately 11,600,000 acres being utilized for various purposes under the Taylor Grazing Act. Of that figure, 11,120,000 acres are actually under grazing permits for cattle and sheep. Of the remaining approximately 700,000 acres, half is under a special "reserved" status and slightly less than half is under lease.

McClure admitted that substantial changes are in store for the grazing act, but said he was not that worried about the change having a detrimental effect on actual grazing rights currently enjoyed by Idaho ranchers and farmers. McClure said he could not discuss specifics.

He added, "it's high time we recognize the changed philosophy on public lands, and set about constructing a new framework." He hinted that revisions may take the form of permitting those who seek grazing permits to keep the land under guardianship for longer periods of time, with the hope that the lease will be a better steward and not permit overgrazing or other land abuses.

since he must use the same land for several years.

"I think we've got to provide incentives for one, to manage land well," the First District Congressman said.

Among other things, McClure said he favored payment-in-lieu-of-taxes if it were structured properly. Currently some states, like Oregon with its "O & C lands," enjoy special formulas which other states do not have and which provide substantial revenues for certain counties.

McClure said the draft bill also needs clarification about federal water rights on federal lands not interfering with the State's water rights. He charged that the Aspinall bill contains "an incipient threat" to the State's water rights.

The GOP congressman said he is further disturbed by the bill's general policy statement in favor of deriving "the maximum monetary return from use of the public lands by private individuals. He said that unless this section receives specifics, it could later be construed by a management agency as grounds for charging a fee to anyone who enters the federal lands for any purpose.

As an example, conceivably anyone wanting to hike on a national forest trail would have to pay a minimum fee. McClure thinks most Idahoans would strenuously object to, and deliberately ignore any such fee.

McClure stressed that right now the bill is still in the discussion stage, and its final form is definitely unknown at this time. Neither did he know if he would be offering any amendments to the bill.

In any event, big changes appear to be imminent for Idaho's land.

GEORGE C. THOSTESON, M.D.

Suggestions

Dear Dr. Thosteson: I have a very large mole on my breast which is a very dark color and sometimes even looks black. I worry about this a lot and wonder whether there are ways you could tell if it was cancerous. — Mrs. X.

Instead of worrying about it, have your doctor examine it. There is no do-it-yourself way to tell whether it is cancerous, but your letter indicates that it changes color. ANY change in a mole is a possible danger sign, and the only reasonable advice I can give you is to have your doctor keep track of it.

Dear Dr. Thosteson: I am 41 and for years have drunk two cups of tea every day. I have no reason to believe this is harmful, but could it add up to trouble in the future? — P.S.G. I wouldn't give it a second thought.

Dear Dr. Thosteson: Our family likes dogs very much, but my dad has asthma and hay fever. What kind of dog would be acceptable in such a case? We wanted a black Labrador or rat terrier. — S.M.

When you say your dad has asthma and hay fever, you are saying in effect that he is allergic to various things — and animal danders are one thing that is likely to bother

asthmatic folks.

Assuming that you think more of your dad than you do of dogs, certainly the safest thing is not to risk having any kind of pet around. That is, unless there have been allergy tests which show definitely animal danders are not among the things that bother your dad.

In short, I say forget about having a dog, any color, any kind.

Dear Dr. Thosteson: Can birth control pills bring about either sterilization or fertilization after using them for a period of time? — Mrs. J. D.

No to both.

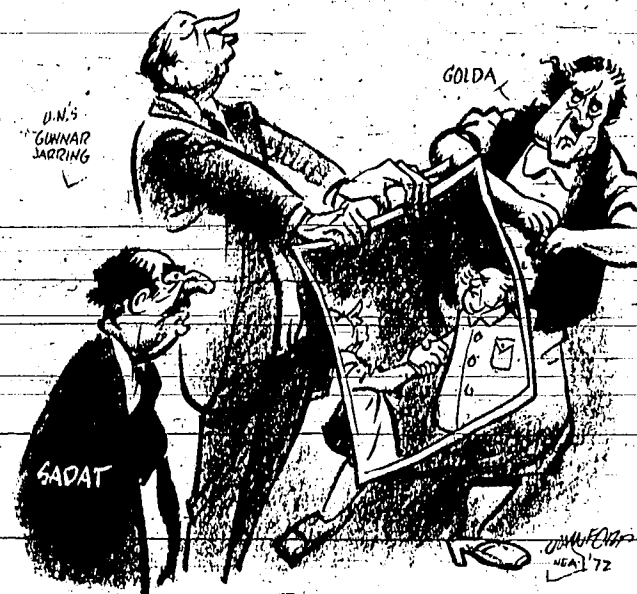

"You Can Stop Sinus Trouble!" is the title of Dr. Thosteson's newly revised booklet explaining what sinus trouble really is and encouraging sinus sufferers to do something about it. For a copy write to him in care of this newspaper, enclosing a long, self-addressed (use zip code), stamped envelope and 25 cents in coin to cover cost of printing and handling.

Dr. Thosteson is happy to receive readers' questions, and whenever possible uses them in his column. However, due to the great volume of mail received daily, he regrets he cannot answer letters individually.

BERRY'S WORLD

"I know there are more than 17 people in here, lady — I'm counting — pointing!"

RAY CROMLEY

On Soviet Arms

WASHINGTON (NEA) — There is serious political and military danger to the United States in overestimating Soviet military might.

If large numbers of people come to believe in a Soviet superpower which does not exist, there could be an erosion of the confidence of our allies in the deterrent power of U. S. strategic forces, upon which the entire structure of free world defenses rests.

Crucial allies might make deals with Moscow that would endanger their independence and weaken alliances necessary to political and military defenses of the United States.

It would, of course, be unwise to underestimate Soviet strength, but the story of Moscow's growing missile arsenal, its heavy expenditures for military research, its modernized submarine fleet and rapidly expanding surface navy has been told in considerable detail these past few months.

The picture needs some perspective. Where are we doing well and the Russians poorly?

But first note that, as we have withdrawn from Vietnam, the Soviet Union has diverted perhaps a full quarter of its land armies and tactical air strength and an unknown but probably sizable proportion of its strategic weaponry to meet the potential threat from China.

Note also that while the equipment of the East European satellite armies is formidable, there is some question about their reliability if asked to spearhead a Russian aggression into West Europe.

The Soviet Union has serious deficiencies in the undermanned bread-and-butter systems crucial to military power.

The growing Russian naval fleet is short of all-weather port facilities. It lacks air cover when operating far from the Soviet homeland and the necessary refueling, repair and other resupply ships for operating freely on the world's open oceans.

Soviet armies are highly effective for the short, hard drive but, like their navies, lack the resupply and other logistic

support for sustained advance. Soviet air defenses have strong capabilities against medium- and high-altitude bombers. Their effectiveness is limited against low-altitude penetrators.

As for intercontinental missiles and their ability to penetrate sophisticated defenses, there has been much confusion between quantity and quality. The Russians are ahead, or soon will be, in missile megatonnage, in the number of

launchers and warheads. But Moscow tends to hang onto the old, even after buying new weapons. We discard the old. Thus when we list numbers of weapons, we get a distorted view of Soviet strength.

U. S. missiles are more accurate and better able to avoid antiballistic missile defense. We are even now working on maneuvering reentry vehicles calculated to outmaneuver improved Soviet ABMs of the future.

President Nixon was informed of this menacing development before leaving Washington. It goes without saying the Chinese, too, were fully aware of it — unquestionably even earlier.

They have numerous ways and means of quickly learning about things like that; it could be a matter of life and death to them.

The Russians' reinforcing was first noted early this month when long and heavily loaded military trains tied up ordinary traffic on the trans-Siberian railroad. The special trains unloaded large numbers of troops, tanks, artillery and other combat hardware.

Estimates put the forces involved at the equivalent of several divisions plus supporting units.

Since the breakdown last summer of the protracted negotiations between the two rival Communist giants over bitter border differences, the Soviet has had between 40 and 45 divisions strategically disposed in the Far East. Supporting this huge ground force of some 800,000 are considerable

air power and nuclear weapons, including long-range ballistic missiles.

While opposing Chinese forces are not as large, they are sizable — totaling more than 500,000. Chinese dispositions and operations are chiefly of a defensive nature, with extensive fortifications and entrenchments.

Reason for Russia's large-scale reinforcement of its Far Eastern military forces at this particular time is conjectural. It could be psychological; aimed at both Washington and Peking; in the nature of a typically brazen Soviet warning to both. There could be an even more sinister motivation, involving China's fast-growing nuclear arsenal centered largely in its northern regions closest to Russia.

Intelligence and military authorities are recalling as highly significant that when the Sino-Russian border negotiations broke down last summer, Moscow scathingly put the blame on Peking.

The official newspaper Izvestia tightly charged Communist China had "rejected constructive proposals" and had "arbitrarily and obstructively rejected a speedy and full normalization of relations and the settlement of all frontier questions on a fair and equitable basis that met the national interests of both peoples as suggested by the Soviet Union."

Funding plan airing set

Senate approves reform

By RICHARD CHARNOCK
BOISE (UPI)—Barring something unforeseen, the concept of 100 per cent state funding of the public schools will get at least an airing on the floor of the overtime 41st Idaho legislature.

House taxwriters reported out of committee without recommendation three bills designed to accomplish this goal and, if normal procedures are followed, they should be up for House debate Saturday.

At the same time, the Revenue and Taxation Committee sent out with a favorable recommendation a bill to increase income tax revenues a net \$2.2 million next year and still conform to federal income tax changes.

Should that fail or be considered too much or too little the committee has two other proposals along the same lines. One introduced Thursday would raise a net \$4 million for the general fund and the other, being readied for introduction, would bring in a net \$1.5 million.

There still is no consensus apparently on just how much money will be generated by the present general fund tax base. House Republicans say \$133 million but are looking to a possible \$134 million or \$134.5 million estimate. Senate Republicans say present sources will produce between \$134 million and \$135.5 million.

A revenue and taxation subcommittee, however, reported Thursday it still foresees only \$132 million even though February sales tax collections were up. Republican members of the subcommittee believe there may be another \$1 million available in reversions to the general fund from this year's appropriations but the Democratic members say supplemental appropriations will offset them.

The Joint Finance - Appropriations Committee is up to \$136.7 million in general fund appropriations and — unless there are some major changes — appears headed for a \$137 million budget.

Meantime, as the lawmakers began their first overtime day of this session working for expenses only, at least three approaches to the criminal code problem were under discussion. In the Senate, the Judiciary committee voted to call for introduction of a bill re-enacting the old code but also sent to the floor a bill to delay repeal of the new one until July 1, 1973.

Over in the House, the Judiciary committee wrestled twice Thursday with a bill to reinstate the new code by repealing its repealer but couldn't get it to the floor.

BOISE (UPI) — With only two dissenting votes the senate approved and sent to the house Thursday a proposed constitutional amendment which represents one of the major steps in executive branch reorganization.

Only Sens. David Bliven, R-Payette, and Walter Varbrough, R-Grand View, voted against the proposed amendment which will let voters decide in November whether they want to limit the number of executive branch departments to 20 by 1976.

The proposed amendment also allows for creation of temporary agencies by law but they can exist only for two years.

A companion resolution to come from the house will establish a legislative interim committee to begin studying various reorganization proposals.

With one of its goals to make more information available to lawmakers explaining the proposed amendment to their constituents.

The proposed amendment is similar to the one proposed by Gov. Cecil D. Andrus but killed in the house early in the session.

Gasoline tax hike promoted

BOISE (UPI) — The State and House Transportation Committees made plans Thursday to try for legislative approval of a bill to raise the gasoline tax from seven cents per gallon to 8 1/2 cents.

The two committees held a joint session to decide which of several alternatives to take. The one eventually chosen will remove cities from the formula for distribution and simply give them one-seventh instead of one-eighth of the revenue.

Cities sharing in the formula and taking one penny to themselves of the present seven cent tax received \$1.7 million. The new method will give them about \$132,000 more.

The 8 1/2 cent proposal is half-way between the two cent increase requested by Gov. Cecil D. Andrus and killed by the house, and the one cent increase approved by the house and held in the senate pending the outcome of the new bill.

Aerial shooting

BOISE (UPI) — Taking their cue from a governor's veto, the senate passed 30-1 Thursday a bill to give the Department of Fish and Game authority to issue permits for aerial shooting of wildlife.

Gov. Cecil D. Andrus vetoed an earlier bill which gave the responsibility to the Department of Agriculture.

Student wage bill called slave labor

BOISE (UPI) — House members approved 37-25 and sent to the senate Thursday a minimum wage bill for student workers that one representative called the "female slave labor act of 1972."

Under the bill, the minimum wage for student workers 19 or under would remain at \$1.40 per hour and the value of a meal to be included as part of the wages would be established.

Present law calls for an increase in the state's minimum wage to \$1.60 per hour from \$1.40 on July 1. This bill would exempt student workers from that increase.

Rep. Patricia McDermott, D-Pocatello, registered vigorous opposition to the bill.

"This is the female slave labor act of 1972," Miss McDermott said.

Authority on leases

BOISE (UPI) — The senate approved 32-0 and sent to the house Thursday a bill giving the State Land Board authority to work out regulations for 10-year leases of state lands with geothermal resources.

Sen. Ray Rigby, D-Rexburg, said the legislation would allow the state to charge on a lease 25 cents per acre and one-tenth of the royalty payments on any land where oil or gas is discovered.

Aviation fuel comes under tax

BOISE (UPI) — Shrugging off a warning that it would kill the "goose that laid the golden egg," the house approved 44-16 Thursday a bill extending the 3 1/2 cent per gallon privilege tax to all aviation fuel.

"This bill will kill the goose that laid the golden egg," Rep. E.V. McHan, R-Ketchum, warned.

But Rep. Robert Haakenson, D-Coeur d'Alene, said the measure would simply require the airlines to pay a tax now paid by general aviation.

House introduces health board bill

BOISE (UPI) — The House Ways and Means Committee introduced Thursday Gov. Cecil D. Andrus' proposal to make the health administrator a cabinet officer and reduce the health board to an advisory status.

Under the bill the governor would appoint the administrator with the advice and consent at the senate and the administrator would serve at the governor's pleasure.

It also would vest in the administrator "all powers and du-

ties previously vested in the board of health." Earlier, the house approved another bill to allow the governor to appoint the administrator. This measure also spelled out specific duties for the administrator and the board, increased board membership to seven from five and reorganized the department as a "department of environmental protection and health."

Day care center bill held

BOISE (UPI) — After passing it by one vote in the morning the house Thursday afternoon reconsidered and held for one day a senate bill to require licensing and regulation of day care centers for pre-school children.

Rep. Robert Haakenson, D-Coeur d'Alene, squeaked the bill through the house 33-32 just before lunch only to see it reconsidered 29-27 late in the afternoon and held for another look on Friday.

As written the measure would apply only to those homes where seven or more children are taken in for care while parents are working.

MARTHA

Two bright and lovely sisters were Mary and Martha, living on the outskirts of Jerusalem, with their brother Lazarus. Martha gains fame for being the eldest and running the day-to-day affairs of the household. They may have been wealthy, for they had their own home and the means to entertain Jesus and his friends frequently. Martha is remembered for her remark to Jesus that he encourage sister Mary to excuse herself from living-room conversations and help out in the preparation of dinner. Instead, Jesus suggests that Martha is racing around to gather a Thanksgiving dinner when only a sandwich is needed. He needles her by saying that Mary has a better set of priorities—the pursuit of truth and the search for salvation. Christ's reminder to Martha is meant for everyone who gets lost in detail, lesser goals and minor ambitions.

Extortion denied by star witness

HARRISBURG, Pa. (UPI)—The Harrisburg Seven defense, depicting Informer Boyd F. Douglas as a chain liar of epic stature, has promised to produce testimony that he infiltrated the Catholic left antiwar movement with an eye to extorting money from its donors.

Defense attorney Terry F. Lenzer told Federal Judge R. Dixon Herman Thursday that he had subpoenaed a witness

who would testify Douglas suggested to another prison inmate the idea of getting "money out of the Catholic movement through extortion."

"That's a lie!" Douglas exploded, when asked about it on cross-examination. He denied he had copied letters, which he had smuggled out of prison in 1970 for the Rev. Philip F. Berrigan, with the idea of keeping them "for extortion from the donors and Berrigan."

Douglas had testified as the government's star witness that he began copying the letters before he became an FBI informant. He said he did so in self-protection when he learned Berrigan and his group were plotting to kidnap presidential advisor Henry A. Kissinger in 1971 and blow up Washington heating tunnels.

Berrigan and six other antiwar activists are charged with conspiracy to those two acts and to vandalize draft boards for publicity.

Lenzer's cross-examination took Douglas, a two-time convict, through a recital that made lying seem a way of life.

Lender dies

BASIL O'CONNOR, New York, president of the National Foundation of the March of Dimes, died Thursday at St. Joseph's Hospital. O'Connor, 80, had a heart ailment complicated by pneumonia. (UPI)

Davis jury seated

SAN JOSE, Calif. (UPI)—A tentative jury was seated Thursday at the Angela Davis trial, but the prosecutor removed two women with peremptory challenges.

"We're halfway there," Albert W. Harris Jr., assistant state attorney general, said as two new panelists joined, 10 persons in the jury box who earlier had passed questioning for "cause."

One woman seated during the morning said she never heard the phrase "black is beautiful."

Judge Richard E. Arnason recessed the murder, kidnap and conspiracy trial until Monday, when the defense will have its first opportunity to dismiss jurors without a reason.

There were nine women and three men in the jury box when Harris used two of his 20 peremptory challenges. Defense attorneys also have 20.

The two new panelists drawn were both men, bringing the count to seven women and five men. Philip J. Russell, a computer company employee, and Nicholas Gaetani, a former student, now must undergo questioning for "cause"—biases or other reasons that could prevent a juror from reaching a fair verdict.

The men replaced Mrs. Peter Ruth, a young housewife who told the court she "never heard of Angela Davis," and Alice F. Evans, a woman in her 20s.

In soccer, the only player who can touch the ball with his hands is the goalkeeper within a certain area.

S. Viets begin new offensive

SAIGON (UPI)—A 10,000-man South Vietnamese task force began a new offensive into eastern Cambodia Thursday as part of a lengthy "spoiling operation" to wipe out Communist sanctuaries, military sources said today.

South Vietnamese officials in Saigon said they had no information on the operation. The military sources said the mechanics of the offensive were being kept secret for security reasons.

The drive was described as a "spoiling operation (which) will continue off and on for a comparatively lengthy period."

Rangers, armored cavalry, artillery, infantry and air force

were taking part in the drive. The air war continued at a heavy pace. U.S. Air Force Phantom F4s made two "protective reaction" strafing raids on Communist anti-aircraft sites in North Vietnam and the Demilitarized Zone (DMZ) and B52 bombers made five strikes over the South Vietnamese Central Highlands.

In addition, South Vietnamese military sources said their planes destroyed two tanks and attacked one other.

In ground action, South Vietnamese troops killed 30 Communists in scattered battles, including one firefight 12 miles northwest of Hue which left seven Communists dead.

Indians storm SD trading post

WOUNDED KNEE, S.D. (UPI)—About 400 Indians shouting "Burn, burn, burn" climaxed a week of protest Thursday night by storming a trading post and museum in Wounded Knee, roughing up operators of the two firms and

making off with \$50,000 worth of Indian artifacts.

Wounded Knee was the scene of the last clash between the Sioux and the U.S. Cavalry in 1890.

James Czuczynski, a stockholder in the predominantly white Sioux Corp., which operates the Wounded Knee Museum and Trading Post, said the Indians "barged in and roughed us up."

The Indians arrived by bus and car, apparently from nearby Gordon, Neb., where between 500 and 1,000 had been staging a protest over the death there of Raymond Yellow Thunder, an Ogala Sioux, at the hands of whites.

Chiang accepts 5th term

TAIPEI (UPI)—President Chiang Kai-shek today accepted nomination for a fifth six-year term as chief of state despite earlier avowals he planned to retire. His re-election was a mere formality.

"I am advanced in years now, but in view of the country's being in the time of crisis, I have no choice but to continue to serve my people," Chiang, 84, told the three representatives of his ruling Kuomintang party who went to his residence to ask him to accept the nomination.

The election will be held in the National Assembly March 21, Chiang will be running unopposed.

Three weeks ago he told the assembly he wanted to retire and asked the body to elect "another man of virtue and ability" as his successor.

Invitation heard at auxiliary meet

BUHL — Ladies Auxiliary Patriarch Millant, of Colfax No. 13 heard an invitation to attend the department association president's official visit March 27.

The invitation was read at a meeting at the Buhl Odd Fellows Temple.

Special guests at the meeting were Mrs. Helen Breeding, Stockton, Calif.; Mrs. Robert Bryan, Gooding, and Mrs. Elmer Jordan, Wendell.

The meeting was conducted by Mrs. Dale Bowman, Twin Falls.

Mrs. Leland Hudson, Buhl, gave the thought for the day.

Mrs. George Easton, Jerome, directed forming of the lines. Mrs. Betty Dameron, Twin Falls was accepted as a new member. She will be mustered in at Gooding.

A \$5 donation was made to the Cancer Crusade. Mrs. Irene Childer, Filer, gave the closing thought. Mrs. Bowman gave a program commemorating the birthday of Schuyler Colfax, founder of Rebekah Degree.

The women were invited to join the canton for the message by Mrs. Glen Roy Taylor. A salad bar luncheon was served after the meeting.

The next meeting will be in Twin Falls April 3.

Good seats

TWIN FALLS — Plenty of good seats remain for the remaining nights of "Guys and Dolls."

Tom Driscoll, business manager, said about 400 tickets are left for tonight and 500 for Saturday night.

Driscoll said any funds raised by the Diligent Group of Magic Valley production will be used for scholarships.

He said tickets can be purchased at the Boy Scout office in Twin Falls or reserved by calling 733-7211. Any tickets left will be sold at the door.

Curtain time is 8:15 p.m. nightly at the Fine Arts Center-Auditorium at the College of Southern Idaho.

SANDRA STOKER

Rupert miss, Robertson name date

RUPERT — Mr. and Mrs. Gene E. Stoker announce the engagement of their daughter, Sandra Louise, Twin Falls, to Michael B. Robertson, Twin Falls.

Miss Stoker is a graduate of Minico High School, Rupert, and Twin Falls Business College.

She is presently employed with Title Fact, Title Insurance Co., Twin Falls.

Robertson, son of Mr. and Mrs. Don Robertson, Burley, is a graduate of Burley High School and Idaho State University, Pocatello.

He is a photographer-newsman for the Times-News. The wedding date has been set for June 10.

One of the best good deeds you can do each day is to mind your own business.

Valley Briefs

TWIN FALLS — Twin Falls chapter of the Daughters of the American Revolution will hold a luncheon at 1 p.m. Monday at the Rogerson Hotel Roundup room. Mrs. Duane Lampe will be soloist and Robert Autenrieth, Jerome, research biologist, Idaho Fish and Game Department, will give a slide lecture on sage grouse.

TWIN FALLS — The Amoma Class of the First Baptist Church will meet Monday at 8 p.m. in the church parlor.

TWIN FALLS — Magic Valley Barracks No. 509 and Auxiliary will meet at the Odd Fellows Hall at 1 p.m. Monday for a potluck dinner and business meeting. All World War I veterans, their wives or widows are invited. Those attending are asked to bring a covered dish and own table service.

SHOSHONE — The annual American Legion birthday dinner will be sponsored by the auxiliary at 6 p.m. Monday at the American Legion Hall. All Legion members and their wives will be guests. Junior high school girls interested in attending Girls' State this

spring will give their talks. Their parents will be guests. Mrs. Elmer Terry, American Legion Auxiliary, asks that those attending bring their own table service.

SHOSHONE — A fashion show will be held on Saturday, May 6, by the Blaine State LDS Church Relief Society. Mrs. M. J. Dille, president of Shoshone Relief Society, said there will be models showing the clothes they have made from each ward as well as a display of handwork items.

TWIN FALLS — The Gooding region group of the Horseless Carriage Club of America will hold its March meeting at 8 p.m. Saturday at the Idaho Power Auditorium, Twin Falls. All persons interested in restoration and preservation of the antique auto are welcome to attend. Slides covering an important part of restoration will be shown.

MURTAUGH — Murtaugh High School classes of 1961 and 1962 will hold a reunion meeting at the Ponderosa Inn, Burley, at 7:30 p.m. Saturday. All members are urged to attend.

BETHEL — VanEngelen, honored queen of Bethel No. 56 and grand representative to Ontario, Canada, from Idaho, 1.

Debbie Sullivan was pro tem librarian and she read "Little Orphan Annie" by James Whitcomb Riley.

"Jobie of the Meeping" was Jackie Gilbaugh. "Robbie Jobie" was Becky Moore.

Initiation practice was held with Sharon Harshbarger, guide, being given a prize for the best practice performance. The next meeting is March 22.

Study program

WENDELL — A pollution study program will be presented by the Gooding County Extension Homemakers at 2 p.m. March 16 in the Wendell Civic Room.

Speakers for the program and their subjects include Ed Koester, Gooding County agent, "The Feasibility of Cleanup," Aldrich Bowler, "Aesthetics Through Public Pressure," Mrs. Ruth Wahler and Mrs. Hugh Caldwell, both Wendell homemakers, will discuss pollution from the homemaker's point of view.

Magic Valley Favorites

CHRIS MCKIM
Route 1, Heyburn

PIZZA DOUGH
1 cup lukewarm water
1 package yeast
1 cup shortening
1 egg
1 tablespoon sugar
1 teaspoon salt
3 cups flour
Dissolve yeast in water. Add other ingredients in order given. Use more flour if needed. Dough will be quite sticky. Let stand 15 minutes in a warm place. Spread on a pizza pan or cookie sheet and top with your favorite pizza combinations. Bake at 400 degrees 20 to 30 minutes. Yields two pizzas.

The Times-News will pay \$5 each week for Magic Valley Favorites. If you have a

DEBRA MOTHERSHEAD

Hansen miss, Schroeder plan rites

HANSEN — A July 16 wedding in St. John's Lutheran Church is planned by Debra Ann Mothershead, Hansen, and Marshall Scott Schroeder, Buhl.

She is the daughter of Mrs. Doris Mothershead, Hansen, and the late Kenneth Mothershead. Schroeder is the son of Mr. and Mrs. Walter H. Schroeder, Buhl.

Miss Mothershead will be graduated from Hansen High School in May.

Schroeder is a 1970 graduate of Buhl High School and is employed by Glendale Ranches.

Attorney speaks at Almo meet

ALMO — Gordon Nielson, Cassia County prosecuting attorney, spoke at the Almo Ward LDS MIA meeting Wednesday night at the church.

His subject was the drug problem. He said it is prevalent in areas in the county. Nielson gave an explanation of the different kinds of drugs, their use and misuse and the harmful effects to the body.

He also told of his experiences in drug raids throughout the county. Nielson discussed points of law in regard to drugs. A question and answer period followed his talk.

Robert Ward conducted the meeting. Della Ward and Mrs. William Jones gave prayers. MIA members from the Yost and Elba wards attended.

Ecology program given for TF club

TWIN FALLS — Mrs. on our total environment for which we must pay."

Mrs. LeBaron spoke at a meeting of the Twentieth Century Club this week. Mrs. LeBaron said "We ex-

press great concern, but is it real?" in discussing the present preoccupation with environment.

She also said "Nothing is free — for every advance in the level of civilization we extract from the earth, we make an impact

During the business club's meeting, Mrs. Marjorie Hawes presented the final reading of bylaw changes. The changes were approved by the members.

President, Mrs. Roy Painter, presided. Mrs. H. E. Gyer was program chairman. Kathy Coleman, accompanied by her sister, Sue Coleman, presented two violin solos.

Hints

If the blender's motor stalls, here's the probable cause: too much food in container. Remedy: blend small amounts.

Why do carpet salesmen quote prices in terms of square yards? All carpet is priced by the square yard. If you don't know the square yard price you'll be comparing apples and oranges when you set out to price carpet.

If you have a microwave oven, remember that the removable glass shelves should be washed often in warm sudsy water. Any food on glass will bake and become hard and dry as the microwaves pass through the glass. If allowed to bake for too long, the spills could become so hot while the oven is in operation that the glass will crack.

BIGELOW KARPET-KARE

On-Location Professional Cleaning

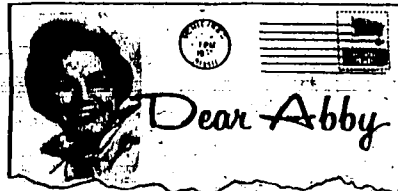

Karpet-Kare method is your assurance of quality workmanship by cleaners who are franchised and trained by Bigelow Carpet Cleaning Institute.

news about the people you know

Valley Living

Dear Abby

DEAR ABBY: My wife is a hypochondriac. She complains night and unfortunately, day. If one thing doesn't hurt her, something else does. She either can't sleep or she can't stay awake.

I have been sympathetic, but I am all worn out from listening to her. I can't get a good night's sleep, and the hours awake with her are a bore.

Her doctor said there is nothing wrong with her, but he keeps her well supplied with "tranquillizers" which are really just pills with nothing in them. I she complains about the "reaction" she gets from them, too.

There is an Alcoholics Anonymous and a Gamblers Anonymous. Tell me, is there a Hypochondriacs Anonymous?

THE REAL SUFFERER

DEAR "SUFFERER": One who complains night and day about pains, imagined or real; can't sleep and can't stay awake, and has "reactions" from pills with nothing in them, is suffering in every sense of the word. Ask the doctor who said there was nothing wrong with her to recommend a doctor who treats "healthy" people with your wife's symptoms. And don't put it off, or you'll need treatment, too.

DEAR ABBY: I am a well-adjusted male homosexual who occasionally needs a female companion to accompany me to business and social functions. Conversely, I have female homosexual acquaintances who also need a male escort for certain occasions, and therefore we "help each other out."

The problem arises when I go out with the girl as a favor to her. Should I be expected to pick up the check for the entire evening?

I have had evenings which have cost the \$30 and more. I hate to be a cheapskate, but I can't afford many of these outings. How do you suggest this be handled?

PERPLEXED HOMOSEXUAL

DEAR PERPLEXED: Since you obviously are perfectly candid about why you "help each other out," level with each other in the matter of the finances. The one who needs the favor should pick up the check.

DEAR ABBY: We have a neighbor who is constantly painting his house. Altho he has aluminum siding, he keeps painting the trim around the windows.

He uses a very small brush and keeps going round and round the house, and when he's finished he scrapes off the paint and starts to paint it all over again.

Another odd thing he does: When he paints the second story trim he leaves the can of paint on the ground, dips his little brush into the paint, climbs up the ladder and paints. And when he needs more paint he descends the ladder, dips his brush into the paint and climbs the ladder and paints some more.

I have watched him by the hour, completely fascinated. I wonder, is there something wrong with this man?

PUZZLED

DEAR PUZZLED: Possibly not. Maybe he just enjoys the fresh air and exercise, or like to paint!

CONFIDENTIAL TO B. B.: From constantly rubbing up against a rich man, a poor man will get a hole in his sleeve.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 99700, Los Angeles, Cal. 90009. For a personal reply enclose stamped, addressed envelope.

'Preference' Suits Defense

NORTH (D)		EAST	
5	4	6	3
3	2	7	8
AKQ87	AKQ87	AKQ87	AKQ87
742	742	742	742

West will know that his partner isn't showing diamond strength. He will also know that he isn't going at count.

All East can be doing with that jack play is giving a suit preference signal to say "Partner, if you do get in, lead hearts, the higher rank suit."

As a matter of fact a very expert partnership might set the hand two tricks. West would lead his fourth best, heart, the three East would know that under these circumstances West would not lead fourth best from a suit headed by nothing at all. Hence, West would be showing the king of hearts by his low lead. Hough's expert East would win the first heart with the queen, give his partner a diamond ruff, get in again with the ace and give him a second ruff.

West leads, the three of diamonds. South goes up with one of dummy's high diamonds and leads a trump. West wins with the ace and has to decide between a heart or a club lead.

If he leads a club, South will collect the rest of the tricks and make a slam. If he leads a heart, East will win and give West a ruff whereupon a second heart trick will set declarer at his game contract.

In an expert partnership, West will have no problem with his lead at trick three. East will have dropped the jack of diamonds at trick

What do you do now?

Did two hearts. You aren't happy the way things are going but this is your best action.

TODAY'S QUESTION

Your partner continues to three hearts. What do you do now?

Market Review

NEW YORK (UPI)—Stock prices retreated through mid-session Friday with Electronics and specialties leading the decline. Trading was fairly active.

Analysts suggested the earlier lull was an extension of the weakness this has marked the last for most of the week, a reaction to a sizable runup in recent months.

As of 1 p.m. the Dow Jones industrial average was off 1.13 at 941.68, an improvement from the level an hour earlier. Standard & Poor's 500-stock index had a loss of 0.38 to 106.56. Of the 1,682 issues traded, 831 declined, 506 advanced. Volume, totaled 133 million shares, was 400,000 shares under the figure at the same time Thursday.

Analysts generally felt while public participation in the market was strong, interest was centered on specialty issues. "This is an individual stock market and there seems to be much switching from one area to another," William Nelson, analyst for Moody's Investors Service, observed.

Some of the gains in the electronics group took a battering. Honeywell fell 4 1/4, RCA 3 1/4, IBM 3 1/4, Burroughs 2 1/4. RCA's drop was linked to its announcement of a net loss for 1971 against a profit for the year before.

Other losses of a point or more went to Polaroid 3 1/4, Xerox 1 1/4, Walt Disney 3 1/4, Whirlpool 1 1/4, Bausch & Lomb, off more than 6 Thursday, jumped 3 1/4.

Doric Corp. jumped more than 5. The company announced an agreement to buy Patterson Dental Co., which Sybron Corp. is selling on a divestiture order.

Du Pont fell 2 1/4 and Dow 1 1/4. The mixed chemicals. Oil moved lower, generally in fractions. Superior Oil bucked the trend with a jump of 1 1/4.

Chrysler led the motors lower with a loss of 1. Ford dropped 1/4, White Motor 1/4. General Motors added 1/4.

Airlines eased with UAL Inc. down 1/4, American 1/4, TWA 1/4 and Eastern 1/4. Aircrafts and rails were mixed. American Telephone eased.

Quotations from Louis N. Ritten Co., Twin Falls

Idaho Valley Weather Report

Clearing, cooler on Saturday

Twin Falls, northside, Burley, lower Wood River Valley: Partly cloudy tonight with slight chance of a few showers. Clearing on Saturday and turning cooler. Highs mid 50's on Saturday. Lows tonight lower to mid 30's. Winds decreasing tonight.

Outlook for Sunday, increasing clouds. A weak front is moving through southwest Idaho this morning causing a few sprinkles and cloudy skies. In southeast Idaho skies will generally fair with some high clouds.

Temperatures this morning continued very mild in some areas with southwest valley readings in the upper 40's to the low 50's. In the clear southwest portions, temperatures cooled into the 30's.

Wall Street Chatter

NEW YORK (UPI)—Hornblower & Weeks-Hemphill, Noyes feels that recent statements by Federal Reserve Chairman Arthur Burns that he did not intend to let the present recovery falter for want of money or credit will set a floor for bond prices for the next few months.

The Argus Report sees a new development in the economic picture: businessmen have stopped being pessimistic. And, the report notes, businessmen are also beginning to invest in the stock market. There is a lot of buying power in business circles and it could add fresh fuel to the fire on Wall Street, the report concludes.

Stays railway

RAMSGATE, England (UPI)—A court Monday ordered Brian Farringham, 31, jailed for trial on charges of stealing a railway.

HARVEST POWER!

AMERICA IS KNOWN AS A LAND WHERE HARVESTS ARE BOUNTIFUL. THIS IS ESPECIALLY TRUE HERE IN THE NORTHWEST, AND WE ARE THANKFUL.

"HARVEST POWER", THE COMBINATION OF AROUND THE YEAR PLANNING AND THE WHEATWHEEL TO DO IT. THE MAN FROM PCA CAN TELL YOU ALL ABOUT HARVEST POWER AND HOW IT'S BUILT UP STRENGTH IN OVER 35 YEARS OF AGRICULTURAL FINANCING BY PCA. TALK TO THE MAN FROM PCA. HE'LL LISTEN.

Silver

NEW YORK (UPI)—Handy & Harman Thursday quoted silver at 154.0 cents per fine ounce, up 1.1 cents.

Area snow, water level stays high

TWIN FALLS — Snow and water measurements on the Magic Mountain and Deadline snow courses for March continue to show 200 percent of normal.

Soil Conservation Service officials said Thursday the measurement on Deadline Ridge shows an all-time record of 40.6 inches of water content in the snow pack. This compares with an 18.4 inch average over the past 18 years of measurement on the Deadline course. Snow depth on Deadline is 102.1 inches, also a record for March.

The Magic Mountain course has 84.8 inches of snow and 32.6 inches of water, a record in the 24 year period during which the course has been used. This compares with a 15.8 inch average water content and is also an all-time record.

SCS officials say other courses on the Roseworth and Salmon Tract watersheds show from 110 to 140 percent of normal. This is about the same as reported last year at the March 1 measurement.

Measurements on the 11 snow courses were made March 2 and March 8 by F. Fuller, M. Taylor, H. Hays, T. Kunkel, and J. Lanting, cooperators of the Twin Falls Soil Conservation District.

Other courses, snow depth, water content for this year, last year and the average water content are:

Shoshone Basin — 35.4 snow, 13.9 water; 14.9 snow, 4.0 water, and 3.4 16 year average water.

Hummingbird Springs — 33 snow, 30.1 water; 23 snow and 28 water and 18.6 average 17 years water.

Pole Creek — 68 snow, 25.7 water; 70.0 snow, 24.3 water, and 16 inches average water 17 years.

Goat Creek — 61 inches snow, 21.9 water; 68.1 snow 24.4 water, and 15.6 17 year water average.

Dear Creek Meadow — 64 snow, 24.0 water; 71 snow, 22.1 water; 27 inches of water over 38 years average.

Fox Creek — 35 inches snow, 12.6 inches water; 41 inches snow and 12.3 inches water, with 9.6 inches average over 38 years.

Red Point — 39.6 inches snow, 15.3 inches water; 40 inches snow and 14.2 water, with an 11 year average of 9.1 inches of water.

Wilson Creek, 50.6 inches of snow, 20.2 inches water; 39 inches snow and 11.1 water, with an 11 year average of 10.8 inches of water.

Cedar Creek — 47.4 inches snow, 17 inches water; 38.4 snow and 10.1 water, with a 15 year average of 9.1 inches of water.

Montanan blasts Butz for grain price stand

WASHINGTON (UPI) — Rep. John Melcher, D-Mont., accused Agriculture Secretary Earl Butz today of trying to shift responsibility for "lousy" grain prices from the Nixon administration to striking longshoremen.

"I voted to end the dock strike but the Butz line has been to blame the strike for low grain prices and to use it as a whipping boy, veering off, I suspect, on a political tangent."

Melcher said. The Montana Democrat, in a prepared house speech, said Butz should join in a bipartisan drive for passage of a House-approved amendment to increase loan rates on wheat and feed grains by 25 percent.

"What we need now is bipartisan cooperation, not politics, not divisiveness," Melcher said.

The Montana Democrat, in a prepared house speech, said Butz should join in a bipartisan drive for passage of a House-approved amendment to increase loan rates on wheat and feed grains by 25 percent.

"What we need now is bipartisan cooperation, not politics, not divisiveness," Melcher said.

TF livestock

Farm

Panel proposes farm labor bill

BOISE (UPI) — An executive committee picked by Gov. Cecil D. Andrus proposed its draft Thursday of a farm labor act while the House Agricultural Affairs Committee gave a favorable recommendation to a measure to reinstate the farm act vetoed by the governor.

The 1971 legislature approved a farm labor act which was to expire March 1. The legislature this session simply approved a bill to make the act permanent and Andrus vetoed the measure on grounds it was constitutionally defective.

At that time Andrus threatened a special session unless the legislature came up with a new bill and the house committee responded by sending back an identical measure which extended the vetoed act for one year.

Andrus then named his special committee which presented what members said was a combination of farm owner and farm laborer philosophy.

Members of the committee were Ted Springer, Phil Batt, Humberto Fuentes, Richard Fields and Sen. William Crookham, R-Caldwell.

Meantime, the Senate State Affairs Committee has introduced two more farm bills,

one brought in by Crookham before he was named to the Governor's Committee. Rep. Jack Claiborn, R-Twin Falls, chairman of the House Agricultural Affairs Committee, said the Food Producers of Idaho are drafting another proposal for legislative consideration.

Potatoes And Onions

IDAHO FALLS (UPI) — Potatoes: Upper Valley, Twin Falls and Burley districts: Demand, U.S. No. 2 others fair; market U.S. No. 2 firm, others steady; russets, washed, 2 in. or 4 oz. Min., 100 lb. sacks, U.S. No. 1 A 3.00-3.50 mostly 3.10-3.35; 6-14 oz., 4.00-4.40 mostly 4.00-4.25; 10 oz. min., mostly mixed pack loads, 3.00-3.50, mostly 3.15-3.40; occasional 3.75; non-size A 2.35-2.60; U.S. No. 2, 6 oz. min., 1.50-1.75, mostly 1.60-1.75 occasional 2.10; 50 lb. cartons, cwt basis, 80-100s, 4.75-5.25, few high as 5.60, occasional 4.60; 10 lb. mesh sacks, baled, per hundredweight, U.S. No. 1 A, 4.00-4.50 mostly 4.10-4.35, occasional lower; non-size A, 3.00-3.50, mostly 3.10-3.35.

Grain

SEATTLE (UPI) — Today's grain prices, f.o.b. Seattle: Soft white 1.60. White club 1.60. Hard winter 1.62. Corn \$6.5 - \$7.00. Corn, e.w. \$4.25-\$4.75. Barley \$1.50-\$2.50.

Terminal plans told

LEWISTON, Idaho (UPI) — Coast Trading, Inc., a large Portland grain handling firm, has announced plans to locate a grain terminal at the Port of Lewiston.

The firm said it initially contemplates a terminal with a capacity of 750,000 and 1 million bushels for the movement of grain and grain products from the port to the tidewater markets on the West Coast by barge and rail.

Officials said the firm is slated to have the facilities ready when slack-water navigation comes to Lewiston with the completion of Lower Granite Lock and Dam on the Snake River in 1975.

Livestock

OMAHA (UPI) — Livestock: Hogs 8,000; barrows and gilts weak to 50 lower, mostly 25-50 lower; 1-3 190-230 lbs. 24-25-26-27; 230-240 lbs. 24.00-24.50; 2-3 240-280 lbs. 23.25-24.00; 2-4 250-300 lbs. 22.00-23.50; Sows 25-50 lower; 1-3 325-600 lbs. 21.50-21.75.

Cattle 1,000, calves none; small supply; slaughter steers and heifers strong; choice 975-1225 lb steers 35.00-36.00; good and low choice 950 - 1200 lbs. 31.50-35.25; choice 825-1000 lb heifers 34.25-35.25; good and low choice 29.50-34.25; cows 50 higher; utility and commercial 23.50-25.00; utility 25.25-25.50; canner and cutter 20.50-23.50.

Sheep 100; slaughter lambs steady; slaughter ewes scarce; choice and prime slaughter lambs 28.50-29.25.

DENVER (UPI) — Livestock: Hogs 700; barrows and gilts 25-50 lower; 1-3 23.75-24.75; 2-4 22.00-23.50. Sows 25 lower; 1-3 20.25-21.25.

JOLIET, Ill. (UPI) — Livestock: Cattle 25; not enough any class for price trends. Friday's estimated receipts 1,200.

Bureau offers aid

MONTOUR (UPI) — The Bureau of Reclamation offered Wednesday to work with Montour residents to develop a plan to handle flood control.

Three Bureau representatives, meeting with about 50 residents at the community hall, presented the offer in a letter from Regional Director E. W. Sullivan of Boise.

They also reported that a study concerned with help of soil conservation service showed that Black Canyon Reservoir is one-third filled with silt.

Residents have complained that silt has caused the river to run high annually flooding field and making agricultural planning impossible.

Last year, a group called Montour Flood Committee was formed.

John Curtis, chairman of the group, said he was in favor of filing damage claims against the U.S. Bureau of Reclamation because of the flooding.

New CSI structure nears completion

TWIN FALLS — A new vocational education building under construction on the College of Southern Idaho campus is about 85 per cent complete.

Dr. James L. Taylor, CSI president, said the building should be done by May 1.

It will provide classroom space for career education in such fields as home economics, consumer education, police

officer training, agri-business and distributive education.

All vocational education shop areas will remain off-campus at the main facility on Kimberly Road and in other satellite buildings.

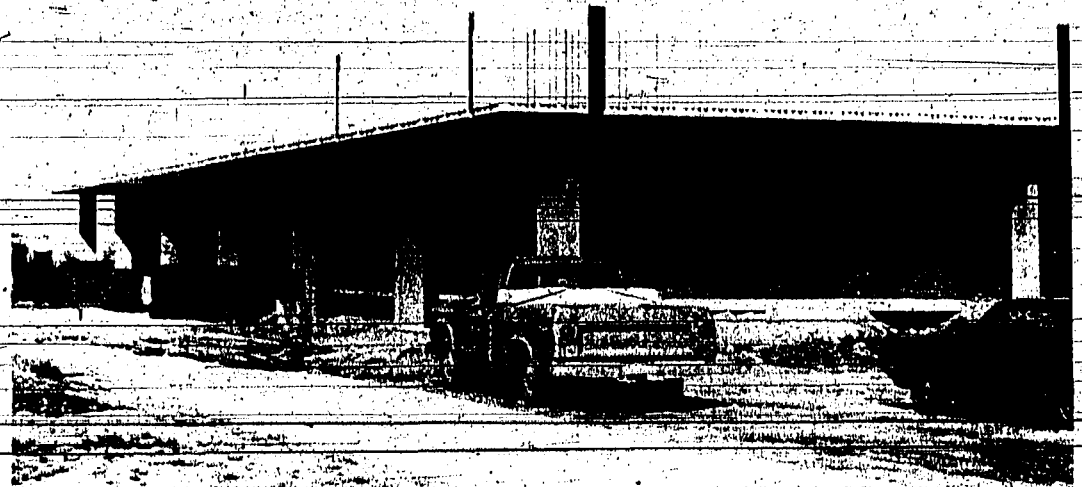

Contract time elapsed, Dr. Taylor said, is now at 83 per cent, so the project is slightly ahead of schedule. Exterior work is basically complete, with major work remaining on the

inside.

The building is brick exterior and concrete and rock panels like those on Shields Academic building just to the south.

The Idaho Vocational Association will make first use of the building, Dr. Taylor said, when it holds its summer conference here the first of June.

Between 300 and 500 people are expected to attend.

Two hurt in Twin Falls mishap involving 7 cars

TWIN FALLS — One car was demolished and two people sustained minor injuries Thursday in a traffic accident involving seven cars and 10 people.

The accident occurred about 3:30 p.m., only three hours after another mishap at the same location, Blue Lakes North and Flier Avenue, sent two other persons for hospital care.

In the seven car accident, Julie Dudley, 16, Twin Falls, received minor injuries when her 1972 model car was demolished. She was taken to Magic Valley Memorial Hospital and then transferred to the Twin Falls Clinic.

No condition report was available. Two other occupants of that car were uninjured.

Also injured in the accident was Harold Leland Frazier, 17, Twin Falls. He was treated and released at Magic Valley Memorial Hospital. The van he

was driving received damage estimated at \$600.

According to Twin Falls police, a car driven by Richard Kenney, 17, Twin Falls, was going north on Blue Lakes Boulevard North when he saw another vehicle stopping in traffic.

The stopped vehicle was driven by Nancy Lee Deleski, 17, Twin Falls. She was apparently attempting to turn right.

Police said due to apparent defects on the Deleski vehicle of no brake lights and no right hand signal, Kenney was unable to stop. Instead he swerved left into the inside opposing traffic lane.

Frazier saw Kenney coming into his lane of traffic and in attempting to avoid an accident, swerved into the inside southbound lane of traffic colliding with the Dudley vehicle.

The Dudley vehicle then collided with a car driven by Joyce K. Schatz, 42, Post Falls, which was going south in the outside lane of traffic. The Dudley vehicle came to rest facing east and west in the middle of the street.

Frazier's van then crossed both southbound lanes of traffic, went over the curb and hit a parked car, which was shoved into another parked beside it.

The five occupants of the Schatz vehicle, including Mrs. Schatz, were uninjured in the mishap. Police estimated \$700 damage to the car.

The two parked cars received damage estimated at \$750 for the first vehicle and \$30 for the second.

No damage resulted to the Deleski automobile, which completed the right hand turn it was attempting.

According to police, no citations have been issued at this time.

Opening of CSI building set May 1

Realtors hear tax proposal

SHOSHONE — Members of the North Side Board of Realtors heard arguments against a proposed transaction tax on real estate.

Information on the bill was given by James Muffley, legislative chairman, at the Wednesday night meeting.

He said the bill would add an excessive cost to sale of real estate.

Muffley also urged members to notify legislators—that the landlord-tenant relations bill would put property owners in an undesirable situation.

Floyd Silva, Shoshone, discussed faults in the present state property re-evaluation program.

Taxes are equitable when people pay them without complaining, and as a people we should resist the present tax structure," he said.

He said when taxes take up to 50 per cent or more of a worker's money, it is time to take action.

Harrell Thorne, Shoshone, said a seven-week real estate course will be held at CSI beginning March 22.

President Ray Assendrup, Jerome, said the Realtor of the Year will be named at the April meeting which will be held in Gooding.

Rupert meet seeks funds

RUPERT — A group of southern Idaho meatpackers met in Rupert Thursday night to request the legislature to fund the state of Idaho's Agriculture Department as requested by Commissioner Oscar "Arystan" for fiscal 1973.

Arystan has asked for \$1,339,406, but the joint finance appropriations committee has approved only \$975,000.

Spokesman for the group, Bill Whitton, Rupert, said the meatpackers were concerned because the \$975,000 included two line-items — one for \$95,000 for grasshopper control and \$45,000 for a weed control program.

Whitton said when the two items are deducted from the

proposed general fund budget, the Department of Agriculture has less money for the coming fiscal year than it did for the current fiscal year.

He said the group felt if the department is forced to operate on a reduced budget one of the first things to be eliminated would be the state meat inspection program. He noted this would force federal inspectors into Idaho and "take the control out of the hands of the Idaho State Department of Agriculture."

He said, "The packers don't want to see this happen so they are requesting that the department budget request be granted."

Kimberly budget meet set

KIMBERLY — Final hearing on a \$146,100 combined budget for the city of Kimberly will be at 8 p.m. Tuesday at the Kimberly City Hall.

The budget includes \$81,941 for general fund expenditures and \$64,158 for revenue fund expenditures for maintenance and operation.

Mrs. Edythe Widmer, city clerk, said the total budget reflects an increase of about 8.35 per cent from 1971.

Last year's general fund budget was \$71,109, nearly \$11,000 less than that estimated for 1972.

Mrs. Widmer said most of the increase is in the police department budget, which is up from \$12,245 to \$22,682.

She said \$3,000 in that budget has been allocated for a new police car and salary of one police officer, which had been coming from the revenue budget, has been transferred to the general fund budget, accounting for another \$6,500 of the increase.

The city also has set aside \$1,000 in the police department budget for dog control. A small city dog pound will be built with the funds and

unlicensed dogs will be impounded, she said. Kimberly presently has no leash law.

Other increases include a \$25 per month wage raise for all full-time city employees.

The fire department budget is up from \$1,260 in 1971 to \$2,710 this year. Most of that is \$1,000 budgeted for repair to the city's fire truck.

The administration department budget is down from \$17,128 to \$15,556. New equipment was purchased from that fund in 1971.

The sanitation department budget has risen slightly from \$12,238 to \$12,684. The street department budget for 1972 is \$25,308 and the park department budget is \$3,000. Those two were combined in 1971 for a total budget of \$28,148.

The revenue fund expenditure predicted for 1972 is up about \$500 from 1971's total of \$63,726, Mrs. Widmer said.

Mrs. Widmer said at Tuesday night's meeting councilmen will hear a report on sewage treatment facilities to decide what direction the city will take.

Wendell names new councilman

WENDELL — Dale Gilbert, Wendell well driller and resident of the community since 1940, was named Thursday night to the City Council.

He fills a vacancy left by the death last week of Francis Goble who was elected in November. Gilbert will serve the remainder of the term until Jan. 1, 1974.

Mayor Eugene Soares administered the oath of office to the new official.

A delegation of 40 water users met with the council to discuss the new irrigation fee schedule. Proposals call for an annual fee of \$5 irrigation of each single city lot.

For persons owning acreages, the fee of \$9 per acre was proposed. John Rosholt, Twin Falls attorney, presented the proposal for owners of acreages while Jim Max presented the plan for city lot owners. City officials ruled a land owner, to qualify for acreage rates must have 16 lots located in a continuous section.

Mayor Soares appointed Councilmen Harold Simerly and Vernon Mason to inspect and recommend a solution to a special problem on the Frank Coleman property.

Council members set March 23 as the date for public hearing on the city's proposed budget and voted to add a \$30,000 amount to the water and sewer department budget for the current improvement program.

Shoshone votes Monday on levy

SHOSHONE — Shoshone school patrons will vote on a proposed two-mill levy Monday.

The election will be held from noon until 8 p.m. at the High School.

The levy would extend the existing levy, according to Supt. Kenneth Crothers.

The school district has been operating for some time with a four-mill school plant facilities levy. Two of the four mills are now running out, after a 10 year

period.

Funds derived from this levy may purchase only certain items, including buses, new equipment, new building and remodeling.

Funds may not be used to replace equipment, or maintenance and operation expenditures.

The election must have a two-thirds affirmative vote in order to pass.

Last train

KETCHUM — The second and season's final Antrak special ski train from Los Angeles, Calif., is scheduled to pull into the Ketchum Depot at noon Sunday.

It will carry a sizable number of late season skiers who will spend the coming week at the Idaho ski resort.

Reports from Los Angeles indicate there may be as many as 11 cars and 200 passengers. It will leave the following Saturday, going to Pocatello from Ketchum, then back to California.

Demo caucus slated for TF

TWIN FALLS — An "Alternative Democratic Caucus" for the second congressional district will be held in Twin Falls Saturday.

According to caucus statement distributed by Jean Terra, Sun Valley, the purpose of the meeting is to plan for a turnout of electors on April 17 to name to the Democratic State Assembly delegates who support Shirley Chisholm, John Lindsay, Eugene McCarthy and George McGovern.

A similar caucus is scheduled in the First Congressional District.

The statement said that the caucus will work toward making the 17-man Idaho delegation to the Democratic National Convention, in Miami, "a delegation representative of the diversified preferences of Idaho Democrats."

The goal is to obtain a delegation "representing the young, the old, men and women as well as the minority and the majority," officials said.

The meeting will be held at 10 a.m. at the Rofegson Hotel.

Jerome NFO meet

JEROME — Ed Osborne, a Tulare Lake, Calif. farmer, will speak Saturday at a National Farmers organization fund raising dinner in Jerome.

The program will be of interest to consumers, farmers and businessmen, according to Viola Wagenman, publicity secretary.

The "whole hog" sausage feed" is being sponsored by NFO members from Jerome, Gooding, Lincoln and Twin Falls counties.

Serving will be from 6 to 8:30 p.m. at Lincoln High School cafeteria in Jerome. Tickets may be purchased at the door. Entertainment will be provided during the dinner and door prizes will be awarded during the evening.

Spring skiing said ideal

TWIN FALLS — Bright spring ski fashions and straw hats are expected to be on the ski slopes this weekend as ideal spring conditions are reported by resorts.

Temperatures are reported in the high 40's during daytime and while snow is somewhat icy in early hours most areas report it softens to good skiing by mid morning.

Reports from the U.S.

Forest Service show: Sun Valley has 71 inches at the top of Baldy Mountain, 57 at the Roundhouse and 17 on the floor. Roads are dry and the resort has had two inches of new snow since Sunday. All bowls and runs are open and temperatures are between 40 and 60 during the daytime.

Soldier Mountain reports 47 inches at the top, 34 inches at the lodge and no new snow.

Temperatures are 35 to 45 and the road is good with some muddy spots in the lower area operates Thursday through Sunday.

Magic Mountain has 80 inches of snow at the lodge and 102 at the top of the ski slopes. No new snow has fallen and weather is clear and sunny. The road is good with some wet spots and some snow floor in the upper canyon. The area operates Friday through Sunday with bus service continuing Saturday and Sunday.

Rotaurun lists 12 inches of snow with no new snow. Roads are dry and weather is clear and sunny. Night skiing has been discontinued for the season but lifts continue running Saturdays and Sundays.

Snowmobiling is listed as good in Halley areas, very good in Ketchikan and the south runs and excellent in Fairfield.

Bridge project

CARVING OUT — A large "cut" across Highway 14 northeast of Rupert, Idaho Highway Department workers dig a canal channel running across the highway during a bridge replacement project. Two bridges across the highway will be replaced during the project.

Gooding breezes to 30th straight win

Solons join Vallivue, Marsh Valley and Post Falls in semi-finals

The favored Gooding Senators gave the luckless Preston Indians a lesson in total domination and intimidation Thursday night as they breezed easily to a 77-41 victory Thursday night and into the semi-finals of the state A-2 basketball tournament. It also was the 30th straight game for coach Jim Thacker's Senators who can tie the fourth district of 31 set by Wendell 73 years ago and cap both the title and the new record by winning the state championship Saturday night.

Gooding will go against the Post Falls-Trojans who delivered a 69-59 defeat to the second-seeded Shelley Russets in the first evening game, although both entered with 15-3 seasonal marks. That one will be played at 9 p.m. Friday. In the afternoon semi-final, set for 3 p.m., Vallivue, which knocked off Wallace 85-75, will play Marsh Valley, 92-71 victor over Buhl. The consolation affairs, at 1:30 and 7:30 p.m., will bring Wallace-Buhl and Shelley-Preston together.

Gooding showed the state just how it's been doing it all year. The Senators opened with their usual good shooting and backboard domination and defensively had Preston

launching 30-foot air balls in the first three minutes.

However, the Indians did have a brief second of glory when Herald Egbert hit a long shot for a 4-3 advantage. Then the roof fell in completely. Gooding hit the next 20 points of the game with all the Senator starters getting into the act but lanky Frank Krahn pacing it with nine.

Gooding held a 21-4 advantage at the end of the first period and Krahn opened the second quarter with a field goal. After an Indian free throw, Krahn and Gary Gorrell moved Gooding ahead 27-5. Preston then got the next six points, two field goals by Stan Norton and one by Scott Porter, to reduce the margin to 16 at 27-11. Gorrell, Jeff LaCroix, and Krahn picked up the next seven points for the Senators and by halftime Gooding was coasting at 40-15.

The Senators poured through 22 points, while Preston managed only eight in the third quarter and opened up as much as a 40-point lead before Coach Thacker sent in the reserves for the last period. Preston then came up with 18 points.

Post Falls controlled Shelley pretty much from the start of the game on imposing the first

evening victory. The Trojans got good early scoring from Larry Ziegler, who hit four in a row, and Tim Coles as they bodied ahead 10-3. On a couple occasions in the first period, Shelley whittled back to within four.

But in the closing two minutes, Ziegler and Wolfe shoved Post Falls ahead by seven again and midway through the second quarter, Jim Harris and Don Schumacher stretched Post Falls ahead by 13. That pretty much told the story, as the teams spent almost the rest of the night matching buckets.

Shelley, which is used to shooting well, didn't in this one and couldn't stop Post Falls' running or from getting several foul points off the offensive boards. Post Falls also appeared to stymie Shelley early in a man-to-man defense, something almost foreign to zone-defense minded Eastern Idaho teams.

Shelley still was always in contention until 4:46 remained in the game when Ziegler, Schumacher and Coles hit for a 59-43 Post Falls lead. It stayed at 16 points until 63-47 when Shelley hit a quick 10-point flurry, three buckets off press steals, to whittle the deficit to 69-67 with 1:06 left. But Post Falls got two free throws from John Medlock in a virtually no-scoring last minute to erase any doubts about the outcome.

The Marsh Valley Eagles trailing throughout the first three quarters came up with a 26-point fourth stanza Thursday to defeat the Buhl Indians 92-71.

Carlier, Dennis Turmiste scored 16 points to lead the Vallivue Falcons past the Wallace Miners 95-75 in the opening game.

Buhl jumped off to an early 8-2 lead and led by as much as nine points through the first 22 minutes of the game. But with 1:23 left in the third quarter, Ron Vaughn hit two free throws to tie it up. After one lead exchange, Kent Keller hit six straight points to open up a five-point lead early in the fourth quarter.

Buhl failed to score over the next 3:22 while Marsh Valley exploded ahead 78-65.

In the earlier contest, third district crown champion Vallivue led by one to five points with Wallace closing to tie and into the lead twice in the second and third quarters.

For three quarters, Vallivue, third district champs, led by one to five points with Wallace closing to tie and into the lead twice in the second and third quarters.

Vallivue led only 68 to 67 with 5:56 to go when Laramie hit six straight points. Kevin Harris added two free throws and Dave Brown hit a follow shot.

Laramie then wound up the 11 point breakout with another field goal to open up a 12 point lead with 2:56 to go.

Brown wound up with 28 points for Vallivue while Laramie had 25. Steve Rife led Wallace with 28.

Coming to abrupt halt

GOODING'S JEFF LA CROIX (31) lets fly with a field goal just as he crashes into Preston's Scott Porter and ahead of Don Keller (54). Other Senators are Gary Gorrell (48) and Doug Heinke. Gooding won 77-41.

Mitchell has Citrus open lead

ORLANDO, Fla. (UPI)—Bobby Mitchell played like he was back on his home course in Danville, Va., Thursday when he gambled a shot over high trees to his third straight birdie and wound up with a 6-under-par 66 that was good for a one-stroke lead in the opening round of the \$150,000 Citrus Open.

"Oh, it wasn't as much of a gamble as it must have seemed," drawled the 29-year-old golf journeyman. "There's a hole back in Danville just like this one. I just have practiced that shot almost every day for 14 years."

Mitchell, who had six birdies and no bogeys in his round, was only three under after 12 holes Thursday. But he had a six-foot birdie putt at No. 13, a 70-foot birdie putt "that went clean across the green" at No. 14 and he then reached the 510-yard, par five 15th hole in two shots thanks to clearing the trees and two putts from 60 feet to cap his rally.

That 66 by Mitchell, whose only PGA victory in more than six years on the tour came in last June's Cleveland open, was more outstanding since he shot it into the teeth of a stiff wind that buffeted the Rio Pinar course throughout the day.

However, the excellent condition of the greens appeared to offset the effects of the wind as a rash of subpar rounds were posted, especially in the morning before the wind began gusting.

Coeur d' Alene and Moscow set all-North finals for A-1 meet

POCATELLO (UPI) — The Moscow Bears defeated the hometown Pocatello Indians 82-72 Thursday night, to lead them into the championship round Friday night against North Idaho rival Coeur d'Alene.

Highland and Pocatello will play for the third place spot Friday and Minico and Idaho Falls will play in the consolation round to decide the final standings of the Class A-1 state basketball tournament.

Earlier Thursday, Idaho Falls overwhelmed the Capital Eagles 75-44. Coeur d'Alene upset Highland 57-53 and Minico

scalded the Boise Braves 71-50.

The night's final contest was Pocatello's off to a slow start which had no score until 2:30 into the game, but they held the edge at the half 41-37.

Midway through the third stanza, Moscow started to use the full-court press against the Indians. Both teams had superior ball handling, but the Bears out-manuevered their opponents.

High point man for Moscow was Kevin Goetz — a tournament standout — who came through with 28 big ones.

High man for Pocatello was Dave Comstock with 10. Moscow won 31-24 from the field and 20-25 at the charity stripe. Pocatello had 27-62 from the field and collected 18-27 at the foul line.

The win for Idaho Falls slates the Tigers to meet Minico in game number nine Friday night and the loss eliminates Capital from the tournament.

High point man for the game was Tiger John Adams with 22 points. Capital's high point honors were shared by Rick Bickelstaff and Keith Larsen who each netted eight points.

The first two quarters were close with Capital never in the lead but managing to stay within two or three points of Idaho Falls. Late in the second stanza, the Tigers started to pull ahead and finished the first half with a 33-17 lead.

Capital tried to get momentum near the intermission and several times in the second half but couldn't get it all together. Coeur d'Alene's Dick Fields topped all scorers with 25 points followed by Kelly Palmer with 16 points and Byron In-The-Woods tipped in 14, both for Highland.

The North Idaho Vikings completed 24-52 field goals for 46 per cent and 9-13 free throws for 69 per cent. Highland hit 20-56 for 36 per cent of their field goals and 13-20 free throws for 65 per cent.

Coeur d'Alene gained the upper hand in the first half with a 34-42 score. Highland poured on the coals to catch up, but never scored enough points to pull ahead except early in the fourth quarter to lead 52-51.

Minico's Toby Harding hit 21 points to beat all scorers and Mike Warren put in 10 for Boise. Minico completed 26 of 57 field goals for 45 per cent and 19 of 24 free throws for 79 per cent.

Boise hit 15 of 60 field goals for 25 per cent and 15 of 22 free throws for 68 per cent.

After a tough loss to Coeur d'Alene Wednesday the Spartans dominated the game Thursday from the opening buzzer.

Late in the fourth quarter both coaches emptied the benches to give everyone a chance to compete.

Hagerman drops Mullan, Camas County falls in three overtimes in A-4 play

LEWISTON (UPI) — Highland-Craigmont edged Cascade 59-54 in the final game of the opening day of Idaho State A-4 high school basketball tournament Thursday.

Earlier in round one, North Gem outlasted Camas County 76-72 in triple overtime; Clark Fork edged by Midvale 66-62; and Hagerman defeated Mullan 55-42.

In Friday's semi-final round, Clark Fork takes on Hagerman at 3 p.m. and North Gem will

meet Highland at 9 p.m. in the winners bracket.

In the consolation round, Midvale entertains Mullan at 1:30 p.m. and Camas County plays Cascade at 7:30 p.m.

The Highland-Cascade contest was fast-paced with Highland leading right after the tip-off and never relinquishing despite Cascade's keeping the score constantly within threatening distance.

Cascade's Sam Nelson dumped in 21 points to take game high honors, while Highland's Tim Miller and Darrell Barnard scored 15 and 14 respectively for the winners.

North Gem and Camas County were all knotted at 60-60 at the end of regulation play. They then tied at 60-60 and 70-70 before sparkplugs Morris Call and Gene Butterfield started hitting for North Gem on one and one situations from the charity stripe to bring about the final margin.

Call and Butterfield wound up the evening with 21 points apiece while Camas' Shane Sweet led all scorers with 27 points.

Torre signs

ST. PETERSBURG, Fla. (UPI) — Joe Torre, the national league's leading hitter and most valuable player in 1971 Thursday night signed a two-year contract with the St. Louis Cardinals.

CSI meets Ulster in national meet

The College of Southern Idaho Golden Eagles will meet Ulster, N. Y., community college at 7:30 p.m. Tuesday in the opening round of the national junior college basketball tournament.

The Eagles, who will leave Twin Falls by air Monday morning, will be making their third straight appearance in nationals and have a ninth and second placetrophy to show for their first two trips.

Ulster, which defeated Manhattan Community College for the region 15 title, is not a big team which will give the Eagles a good shot at winning their opener. Manhattan was the team CSI played in its first game a year ago.

However, the pairings show CSI probably will go against host Hutchinson, Kans., junior college the second night, meaning they will be giving up a height advantage and those 8,000 screaming, red-clad Blue Dragon fans.

Bracketed with CSI in the lower bracket are Hutchinson vs. Ferrum, Va.; Seminole junior college of Oklahoma vs. Burlington, Ia.; and Tyler, Tex., vs. Robert Morris of Illinois.

In the upper bracket the games are Casper, Wyo., against Sedalia, Mo.; Dalton, Ga., vs. Gulf Coast, Fla.;

Arizona Western vs. Paducah, Ky., and Erie, N. Y., vs. Vincennes, Ind.

Burlington, Ia., knocked off defending champion Ellsworth Ia., in the regional finals although Ellsworth — was returning three starters and had a strong redshirt available. Vincennes wound up the No. 1 ranked team in the nation with an undefeated season. Other ranked teams in the field are Casper 16th, Arizona Western fourth, Dalton, Second, Hutchinson seventh and Tyler ninth.

CSI Coach Jerry Hale, who also is region 18 director, will leave Twin Falls Saturday morning to sit in on three days of NJCAA meetings and assistant coach Bob Banfield will accompany the team to Kansas Monday.

Players may go on strike

SARASOTA, Fla. (UPI) — Backed by a unanimous strike vote by the Chicago White Sox, Player Association president Marvin Miller Thursday was ready to poll all major league clubs, seeking authorization to strike baseball on March 31.

At issue, according to Miller, is the owners' refusal to come to terms on health care and life insurance benefits.

What Lobster did for Maine, Old Crow did for Bourbon.

The good taste of Lobster put Maine on the map. And the good taste of Old Crow made Bourbon famous. Before 1835, Bourbon was made every which way. That year,

Dr. James Crow took it out of the hit-or-miss league and invented the process that gave Bourbon its mellow taste — and good name: Old Crow.

FORECAST FOR SATURDAY, MARCH 11, 1972

CARROLL RICHTER'S

from the Carroll Richter Institute

GENERAL TENDENCIES: Now you find you have all sorts of new, imaginative and inventive ways of putting in effect the practical plans you made the past two days. But they require zip and zest in order to make them saleable to the general public, or other outlets.

ARIES (Mar. 21 to Apr. 19) You find that good pals have the right ideas now for your advancement, so be sure you listen to them. Do some entertaining of close ties and gain their cooperation. Make this a most productive day, p.m.

TAURUS (Apr. 20 to May 20) No better day than this to contact bigwig who can aid you with your business endeavors and state your aims in a forthright manner. Get into that civic work you like and are so capable at handling. Be firm.

GEMINI (May 21 to June 21) You can now get into that new outlet that has long appealed to you, with fine results. You have to be more open-minded if you want the respect of experts. Evening should be spent quietly at home.

MOON CHILDREN (June 22 to July 21) Plan some new method by which to get all your responsibilities handled with greater ease and efficiency. Make the right impression on your attachment. You have a fine romantic manner—use it.

LEO (July 22 to Aug. 21) Know what your true position is with associates so you can make joint projects work out more successfully in the future. Do not bear a grudge toward one who has been acting in a strange manner. Get at the cause of things.

VIRGO (Aug. 22 to Sept. 22) You can get at all those tasks ahead of you early in the day as you can be out with congenial later for the fun you like. Take exercise that raises your vitality. Do not dress gaudily.

LIBRA (Sept. 23 to Oct. 22) Ideal day to be with exciting and interesting people who can lift you out of the doldrums after a hard week's work. The evening is perfect for the romantic side of your life. Dress in an impeccable manner. Put that strong personality across.

SCORPIO (Oct. 23 to Nov. 21) Do whatever is of a positive nature—at home and improve conditions there appreciably. Stop taking your family so much for granted. Put that new plan to work that will improve your financial dealings.

SAGITTARIUS (Nov. 22 to Dec. 21) You can streamline those regular routines so they are easier to handle and more pleasurable. Listen to regular partners and go along with their ideas more. Cement better relations quickly.

CAPRICORN (Dec. 22 to Jan. 20) Although you like to stick to tradition, this is a day to put some clever ideas across that help you advance more quickly. Use intuitive hunches so you handle monetary matters more wisely. Don't let others push you around.

AQUARIUS (Jan. 21 to Feb. 19) Enjoy as much social activity as possible and put that unimportant work aside for now; since good things happen for you. You can make an excellent impression on others and gain yours you go after. Forget about pennies and think in terms of dollars.

PISCES (Feb. 20 to Mar. 20) Make preparations now for those plans you want to put across very soon. Any hasty action today, though, could be a definite deterrent to your success. Assist another to solve problems and you know how to guide your own life better in the future.

IF YOUR CHILD IS BORN TODAY—he or she will be one of those very active and quick-minded young people who will pick up every idea and speedily act upon it, which is fine, provided you teach early to do so in an orthodox manner, otherwise big troubles result. There is a very vivid imagination here, too, which coupled with a fine education, can make a most interesting and successful life.

"The Stare Impel, they do not compel." What you make of your life is largely up to YOU!

'Nonsupport' Is Odd Word

"Nonsupport" is not just a terrible legal word to frighten divorced husbands. It's also thought to be the longest singular word in English made up entirely of letters from the last half of the alphabet. And "abacorder" is not just a terrible legal word to frighten runaway husbands. It's also the only word in English I know of containing the first five letters of the alphabet in serial order.

MOTHER, you cannot go on living a life. When your baby first looked up into your eyes and smiled, it was not true love. In repeated tests, doctors drew funny faces on paper and thrust same before the eyes of numerous infants. They just about all smiled, those babies. And the meddicos concluded the smile was as natural as going waaa.

COINS DON'T stay put. They migrate. Take half dollars. They seem to wind up in New York, mostly. Pennies make their way to Pittsburgh and Dallas, somehow. Quarters drift toward San Antonio, Little Rock and Cincinnati. As for dimes and nickels, they go to Baltimore, Louisville and Nashville. Why remains unexplained. But such reportedly was found to be the case by researchers for the Wall Street Journal.

QUERY "Where'd we get that phrase, 'to lead the life of Riley'?" A. From an old song. Came out about 80 years ago. Don't know who wrote it, but some of the lyrics went like this: "I'm Terence O'Reilly, I'm a man of renown... If they'd let me be, I'd have Ireland free... On the railroads you'd not pay any fare... I'd have the United States under my thumb... And I'd sleep in the President's chair."

AVERAGE MAN, it's said, devotes almost 150 days of his life just shaving off whiskers.

OBSERVED Voltaire: "I was never ruined but twice: Once when I lost a lawsuit, and once when I won one."

HOW MANY ways can you pronounce the letter "ough"? At least seven, no?

FIRE Any forest ranger will tell you that a mountain cabin on a steep slope can burn down just about twice as fast as a mountain cabin on level ground. Remember that, mister, if you're planning to put up a little hide-away in the hills.

CUT THE number of female drug addicts in half," contends a Los Angeles physician, "And you'll cut the number of women for hire in half." No random observation, this. The medical fellow says his studies prove his claim.

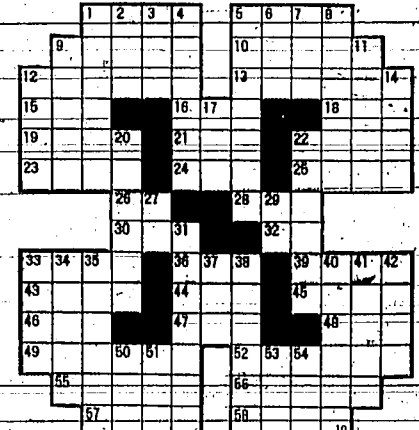

LATEST statistics on the average divorcee: She remains unmarried, although not necessarily unencumbered, for four and a half years before she weds again.

MAJOR HOOPLE

Area Kiwanis meet planned

BURLEY — The Utah-Idaho District Kiwanis International meeting is scheduled Saturday at Ponderosa Inn under the direction of Drew Peterson, Ogden, Utah, district governor.

Registration will be from 8 to 10:30 a.m. followed by meetings with club officers and district board members.

Peterson says he will meet with the Burley club at 10 a.m. Burley, 10:20 a.m.; Declo, 10:40 a.m.; Twin Falls, 11 a.m.; Jerome, 11:20 a.m.; and Ellettsburg, 11:40 a.m.

A luncheon will be served at noon in the dining room.

Session will resume with Duhl at 1:20 p.m.; Pocatello, 1:40 p.m.; Alameda, 2 p.m.; Blackfoot, 2:20 p.m.; Soda Springs, 2:40 p.m.; Shelley, 3 p.m.; Idaho Falls, 3:20 p.m.; East Idaho Falls, 3:40 p.m.; West Idaho Falls, 4 p.m.; and Rexburg, 4:20 p.m.

A no-host dinner will be served at 6:30 p.m. and wives of the Kiwanis members will be special guests. Gov. Peterson will be the featured dinner speaker.

Local arrangements are being made by Dwinelle Alfred, Burley.

Soroptimists elect at Burley

BURLEY — New officers were elected during the business meeting of the Burley Soroptimist Club Wednesday noon at Bryan's Cafe.

Mrs. Edith Taustadt, vice president, was named president; Mrs. LePage Layton, vice president; Mrs. Harlow Cheney, recording secretary; Mrs. Joe Hinz, corresponding secretary; Mrs. Walter Povlsen, treasurer; Mrs. Hal Jolley, director, and Mrs. Layton, delegate.

Officers will be installed in June.

Mrs. Layton, chairman of the Service Objectives committee, reported on community projects. Members voted to purchase a Peabody-Langrange recorder which will be presented to the Mini-Cassidy Child Development Center.

The club voted to make a donation to the Burley-Rupert Hot Line with funds to be applied on the Hot Line telephone bill. A donation also will be made to the Burley High School Bank which is trying to raise funds to march in the Stampede at Calgary, Canada this summer.

It was announced that the Rocky Mountain Regional Conference will be held April 21-23 at Aurora, Colo. A meeting will be held at 7:30 p.m. Monday at the home of Mrs. Glenn Bailey, president, to work out details of traveling to the conference in Colorado.

Postage rates effective soon

TWIN FALLS — A schedule of third-class postage rates will go into effect at midnight March 11, according to Twin Falls postal officials.

The original, effective date was to have been Jan. 24, but a

Bridge winners

BURLEY — There were six tables in play by the members of the Burley Duplicate Bridge Club, for the first section play.

Winners were Mrs. Cara Holmes and Mrs. Jean Holmes, first; Mrs. Evelyn Honsinger and Dan Hunter, second; Mrs. Kent Woodland, and Mrs. Ruth Walton and Art Norby, fourth; and Mrs. Fern Hunters and Max Hogg, fifth.

It was announced individual bridge play will be March 14 at the St. Patrick's event. Unit play will be held March 19 at the Episcopal Church, Twin Falls.

Contract awarded

WASHINGTON (UPI) — Cong. Orval Hansen announced Thursday that Boise Cascade Container Corp. of Burley was awarded a \$124,230 contract by the general services administration for production of corrugated boxes.

Archery?

HEYBURN — The Archery may be added to baseball for Heyburn youngsters as part of this summer's recreation program.

Councilman Robert Hambleton, supervisor of the summer recreation program, told the council Wednesday night that he would like to add archery to the city's recreational program this summer if funds are available.

The sport would not be excessively costly, Hambleton said. The council agreed to consider the request.

Annual event set by Burley lodge

BURLEY — The annual Mother-daughter tea sponsored by the DOES Lodge is scheduled from 2 to 4 p.m. March 26 at Burley Elks Lodge Hall.

The event will be hosted by Mrs. William Morrison, president, assisted by lodge members. The tea is open to all members of the DOES Lodge, wives and mothers of Elks and their daughters.

Program for the event is being arranged by Mrs. Haven Gierisch. Decorations will be supervised by Mrs. Richard Arbogast, Mrs. John Amen and Mrs. John Banner.

Sugar Easter Baskets will be decorated at 7:30 p.m. Monday at Mrs. Morrison's home. The Easter baskets will be for sale at the tea, under the direction of Mrs. Jim Easton.

Past presidents of the lodge will be honored in a special ceremony March 20 at the Elks Lodge hall. They include Mrs. Rodney Murphy and Mrs. Wayne Rogers. All officers are reminded to wear formal.

New members will be inducted at 8 p.m. April 3, announced Mrs. Morrison.

Members voted at the last meeting to purchase three bar stools for the Burley Lodge lounge.

The program included a demonstration by Dwayne Broadhead of playing the electric organ by the use of chords.

Meatloaves were served following the business meeting by Mrs. George Korb and the goodies were furnished by Mrs. Arbogast.

Exchange student talks at GF meet

GLENN FERRY — Francisco Pereira of Sao Paulo, Brazil, an exchange student in the Glenn Ferry School, told the Chamber of Commerce about his country.

He said Brazil does not import anything, but exports many goods. Rice and beans are the staple diet, he noted. Beef is the cheapest meat, chicken the most expensive.

The exchange student said that as yet there is no drug problem, but Brazil is preparing to combat it should it be necessary. The legal age for drinking is 16, for driving, 18, and for marriage, 21, he said.

Students attend school on Saturday, and two full sets of family are employed for the two shifts, from 7:30 to 11 a.m. and from 7:30 to 11 p.m. Winter vacation is during July, with summer vacation through December, January and February.

Brazil has very little unemployment and no relief or welfare rolls, according to Pereira.

Key Clark reported on the Industrial Development meetings. George Powell, superintendent of schools, reported to the Chamber on the high school basketball tournament.

Jackson's Statue
The first equestrian bronze statue in this country honored Andrew Jackson. The statue stands in Lafayette Park, Washington, D.C., and replicas are in Nashville, Tenn., and New Orleans, La.

The regular bulk rate for circulars, etc., is 28 cents per pound with a minimum of 5 cents per piece. The book and catalog rate is 21 cents per pound with a minimum of 5 cents per piece.

The rate for non-profit organization bulk mail is unchanged at 11 cents per pound for circulars with a 1.7 cent per piece minimum and a book and catalog rate of 8 cents per pound and a 1.7 cents per piece minimum.

TF woman artist of month at bank

WENDELL — Susan Hutchison, Twin Falls, is featured as "Artist of the Month" at the Wendell Branch of the Idaho First National Bank.

Mrs. Hutchison attended schools in New York City and graduated from the High School of Music and Art at the age of 16. She then attended the Art Students League where she completed courses in oil painting and fashion illustration.

She has designed fabrics and done magazine illustrations, as well as owned the "Turrell Gallery," an art gallery in the off-Broadway, Armenian-Italian neighborhood in New York.

In 1963, she moved to California where she painted and sold to five prominent galleries in Beverly Hills, Laguna Beach and the Los Angeles area. During this time she became involved in the fashion field again and assisted Georgia Bullock, a designer in the top-10 in California, and sketched her fashions for newspaper advertising brochures and patternmakers.

Mrs. Hutchison says, "My husband and I became Idahoans after a 10,000 mile camping trip. She considers one of her greatest accomplishments the ability to bake a loaf batch of sour dough bread."

She said that instead of shipping her painting to California as she has been doing, she has decided to show exclusively in Idaho this year.

She likes to paint cattle, especially Charolais. An example of this work is her painting of "Lilith Bull, Sam 051," that is hanging at the bank in Wendell.

She also photographs the Basque children in Shoshone and sketches and paints them from photos. In the future she plans to have a complete Basque show.

Mrs. Charlotte Duggan says that Mrs. Hutchison may be called "Idaho Artist of the Year" in that all her work is done with deftness and clarity and bears the mark of a professional.

She does still lifes, florals, portraiture and impressionistic work.

Blaze roars

FLAMES SILHOUETTE fireman in Boulder, Colo., as landmark restaurant is destroyed in fire early March 8. Damage was estimated at \$400,000. (UPI)

Firm charged on intimidation

BOISE (UPI) — Sen. Joe Allen, R-American Falls, charged on the Senate floor today an American Falls potato-processing firm was intimidating growers who supported a recent supply-management proposal.

Allen, rising on a point of personal privilege, said his two sons had been "led to believe they would have a contract with Lamb Weston but said they were told the firm could not give them a contract 'as long as your father's position' and philosophy is such as it is now."

Allen also said many growers who originally supported his plan to allow purchase of surplus potatoes in low price years told him they, too, had been approached by processors.

"This is intimidation and an attempt to deny potato growers their rights," he said. "With tactics such as this we can be driven out of business."

Allen said his sons were told the contracts would be given "to people we can work with."

Move to revive new code fails

BOISE (UPI) — A move to report to the floor a measure which would, in effect, re-instate the new criminal code failed Thursday in the House Judiciary Committee.

Rep. Patricia McDermott, D-Pocatello, made the unsuccessful motion to report out the bill.

A brief measure, it simply would repeal the bill signed Wednesday by Gov. Cecil D. Andrus to repeal the new criminal code as of April 1. If passed, the "repealer repealer" would leave the new code intact.

After the committee meeting, Rep. Don Brennan, D-Pocatello, an original supporter of the new criminal code spoke strongly to newsmen about the repealer repealer.

He criticized such representatives as Majority Leader Terry Crapo, R-Idaho Falls, who has spoken in favor of the new code but who has voted on the floor to repeal it.

"If they want it (the repealer repealer) out they should stand up for it and vote for it regardless of the political consequences," Brennan said.

Proposal killed for city levy

BOISE (UPI) — For the second and final time the House killed by two votes today a constitutional proposal to allow cities and counties to levy excise or income taxes.

Because it proposes a constitutional amendment it requires two-thirds support of the entire membership of each

house to get onto the ballot. In the House, that is 47 votes. The bill received only a simple majority of 45-23.

Wednesday the proposal also failed by two votes and proponents successfully moved for its reconsideration. Today's action, however, was final.

Legislative log

Log Passed by Senate

HB997 (Appropriations) — Appropriates \$20,000 to Apple Commission, \$100,000 to Bean Commission, and \$150,000 to Sheep Commission for next fiscal year.

Women learn handiwork

Display handiwork

MRS. FRANK GARKETT, left, and Mrs. Del Glauner show some of the items displayed at the handiwork table for the Shoshone LDS Relief Society work meeting. Each month different items are displayed, showing a variety of handwork of members or their friends.

Relief Society projects include anniversary fete

SHOSHONE — Lessons for the LDS Relief Society are varied for March, with anniversary observance slated for March 17.

The spiritual living lesson is entitled "Last Things" and deals with writings of the prophet, Joseph Smith. This deals particularly with incidents and happenings of the so-called "last days."

"We Need Each Other" is title of the visiting teacher's message. Unity of the family is stressed in this presentation. Samson's experiences will be illustrated in the cultural refinement lesson of March, with Judges 13-16 the text, writing of John Milton, and music includes "Bacchanale" and "My Heart At Thy Sweet Voice."

Warning will be given against the corruptive influence of a love that is carnal and selfish.

"To Supervise Wisely Is An Art" is a topic of the social relations lesson for March. This deals with ways a mother can improve her effectiveness as a supervisor of her children.

Through case studies, the homemaker will be shown how to utilize her time to good advantage through controlled balance and adjustment. A balance in work will be considered, along with balance in rest, in sleep and leisure.

Special handiwork projects are carried out by women of the society, as in the Shoshone Ward on the second Tuesday of the month when an all-day all-day work meeting is held and the women make items for themselves or for the annual bazaar. A typical day may be one group quilting, another making beads, flowers, embroidery ten-towels or pillow slips or crocheting items.

SHOSHONE — The art of making artificial flowers from fake fur is one type of handiwork done by the Shoshone LDS Relief Society.

Mrs. Gary Kinghorn demonstrated making the flowers at the last meeting. Other women may be painting, crocheting, knitting, embroidery, quilting, or making any other novelty item they wish. Making beads was a popular project of the past year, made in many shapes and designs.

Though much of the work is done by the individual for herself, the women also accumulate during the year a host of handmade things to sell at their annual bazaar. They plan to have some of these flowers for sale next fall.

Mrs. Kinghorn said she learned the art of making the flowers from a Twin Falls Hobby shop. They come in different colors, depending upon the fur and resemble the chrysanthemum.

The felt is first cut in two circles, glued back to back, brushed, then put onto stems. Spray (perhaps hair spray or other resin type) is used to help the material hold its shape and give proper finish.

Overall cost is very minor, with a minimum amount of time required to turn out the finished flower.

Ex-addict to talk at Shoshone

SHOSHONE — Jesus is more than a superstar, says the young man who will speak at 8 p.m. Sunday in the Assembly of God Church here.

L. D. Baker, who less than a month ago was on drugs, will give his personal account of the encounter with Christ and the transformation it brought in his life.

Rev. Wesley Johnson, pastor, said all parents and young persons will find the program especially interesting. Dolores Baker, wife of the speaker, will also give an account of events in the family life. She has not used drugs, Rev. Johnson said.

"When so many are searching for an answer to their needs, we feel this service will help them find what they are seeking," Rev. Johnson said. The program is open to the public.

Lutheran women hold meet

TWIN FALLS — Mrs. Jan Lee and Mrs. Betty Prough were guests of the Lutheran Women's Missionary League meeting at the Immanuel Lutheran Church parish hall last Sunday.

After the business meeting, the women attended a candlelight devotional service in the chapel. The Ruth group led the service, entitled "Thoughts of Lent." Emma Wagner spoke about the opportunity for all Emmanuel Lutheran members to participate in the upcoming Dethol Bible Series.

Hostesses for the meeting were Marge Kratner and Martha Lowry.

CHURCHES

Recollection day set at TF priory

TWIN FALLS — The South Central Deanery of the Idaho Council of Catholic Women will have a day of recollection and prayer Wednesday.

The day will begin at 9:30 a.m. with registration and get-acquainted time at St. Benedict's priory. The sacrifice of the Mass will be at 11:30 a.m. followed by a pot-luck luncheon.

Several conferences are planned during the day. A special scriptural activity is planned for part of the afternoon.

Church confab set in Pocatello

POCATELLO — Members of the Twin Falls congregation of Jehovah's Witnesses will be delegates to a three-day Circuit Assembly this weekend in Pocatello.

The event, at the Pocatello High School auditorium, 205 N. Arthur, is expected to exceed 1,000 delegates in attendance. The delegates will come from 18 congregations in southern and eastern Idaho, northern Utah, Jackson, Wyo., and West Yellowstone, Mont.

R. V. Shaw, presiding minister of the congregation of Jehovah's Witnesses, Twin Falls, said one of the highlights of the assembly will be the address of welcome by William Green discussing the theme of the assembly, "Consoling Our Spiritual Needs," based on the scripture text at Matthew 5:3.

Green, of Brooklyn, N. Y., is the Watchtower Society's special representative. Saturday's special event will be the baptizing of newly dedicated ministers. Shaw said that an instructive evening program has been outlined to assist in Bible study activity. This session starts at 6:45 p.m. Friday.

The principal talk of the three-day meeting will be "Are You Marked For Survival?" by Green at 2 p.m. Sunday.

The Twin Falls showing of the film is being sponsored by churches throughout Magic Valley.

Set in the late 1500's in Spain, the film tells the story of a student searching for truth in the turbulent era of the Spanish Inquisition. The film was produced with a staff of faculty and students at Bob Jones University, Greenville, S. C., utilizing a cast of 1,200 actors. The full color movie runs for two hours.

Church slated

NEW YORK (UPH) — Plans to construct the largest facility owned by the LDS Church on the East Coast, were announced Wednesday by a local developer.

Joel I. Banker, partner in the Landmark Banker Realty Corp., said the meeting house will be near Lincoln Center in Manhattan and will occupy the lower floors of a 270-300-unit apartment building.

The Mormon facilities will include a chapel, classrooms and an auditorium, Banker said.

Title given

TWIN FALLS — "Substance" is the title of the Bible Lesson-Sermon for the 11 a.m. Sunday service at the First Church of Christ, Scientist, 160 9th Ave. E., Twin Falls.

Engineer shares his experiences

TWIN FALLS — Harold Hill is a man who believes in sharing his experiences.

The Maryland engineer and head of a group of business firms also likes to turn the tables on interviewers or new acquaintances.

"I like to ask them if they are religious," Hill says. "You'd be surprised at the answers I get."

That's one method he employs in opening the door to sharing an experience which he believes has revitalized his life and given him inner peace in the midst of turmoil — removing strains and pressures.

In the early 1950's, Hill says, he had reached the top as an engineer, scientist and business man, both working for other firms and conducting his own. But the "emptiness and frustration of success" left him contemplating suicide and initiated a search for a meaning to life.

Hill said the answer was given by a steel company engineer who "introduced me to Jesus." Later he heard professional men and industrialists such as R. G. LeTourneau, head of a road

machinery firm, tell of a concept of making God partners in their work.

Now Hill divides his time between business and sharing his experiences, and endeavoring to make others acquainted with "a better way."

"It is, he says, to ask Jesus to take charge of a person's life and business for 60 days. Hill says many of those trying it report that pressures and frustration are gone.

Hill is speaking in Twin Falls at the United Brethren Church, through Sunday evening.

Conclave at Richfield

RICHFIELD — The Blaine Stake will hold its quarterly conference at the Richfield LDS Stake Center this weekend.

Sessions will begin at 6:30 p.m. Saturday for the stake presidency, high council, bishops, ward clerks and executive secretaries, and 7:30 p.m. for all ward and stake leaders.

The Sunday session will convene at 10 a.m. for the general church membership.

Joy hallmark of religion

By EUGEN CASSELS

United Press International — The greatest libel ever perpetrated against God is the notion that He likes to see men expressing joy to Him through their long-faced, miserable faces.

The Bible teaches precisely the opposite. The hallmark of true religion, it says, is joy.

A careful count in a concordance reveals that the noun "joy" is found in the Bible 164 times, while the verb "rejoice" appears 191 times.

Joy as described in the Scriptures is a higher state than mere happiness or contentment. It has an exultant, overflowing quality. Perhaps

the nearest synonym is "gladness."

The Bible depicts joy as one of the inherent attributes of God.

The Apostle Paul listed it second (after love) among the "fruits of the Spirit" that appear in the lives of those who open their hearts to the indwelling presence of God's Spirit.

But Paul spoke of joy as a duty as well as a gift. It is something men ought to seek out and cultivate, not merely await.

"Always be joyful in your life in the Lord," he commanded the early Christians of Philippi. "I say it again: rejoice!"

Although Jesus has been called "a man of sorrow" — and rightly so, because his compassion for others was so great he suffered with every unhappy, hungry or sick person he encountered — the dominant note of his personality, as it emerges from the Gospels, is a radiant, contagious joy.

Even at his last supper, as he awaited the ordeal of arrest, trial and execution, he prayed that his disciples "might have my joy in their hearts, in all its fullness."

This is one of the paradoxes that are forever cropping up in the Christian faith: Joy and sadness can co-exist in the same person, at the same time.

"They are not contradictories," explains theologian Richard R. Niebuhr. "They are opposites and, hence, plain practicing Christians have experienced the possibility of feeling profoundly and inexplicably joyous in the midst of suffering and bereavement."

The key to this joy-in-sadness seems to be acceptance of God's will, whatever it may be.

"To will what God wills, to want what He wants, is to have joy," said the great medieval mystic Meister Eckhart.

Joy is such a central theme of Christ's teaching — and indeed of all the Bible — it seems strange so many people should have been afflicted through the centuries with the concept that joy is pious piety.

Perhaps that peppery old revivalist Billy Sunday put his finger on the explanation.

"The trouble with many people," Sunday said, "is that they have got just enough religion to make them miserable."

Special day held

KIMBETLY — World Day of Prayer was observed at the Kimbetly United Methodist Church with 20 women participating.

Mrs. Lucille Legg and Mrs. W. L. Paulson were leaders for the day. The topic, "All Joy Be Yours" was introduced with a meditation given by Mrs. Ralph Nelson. The program leaders were assisted by Mrs. Marion Wain who gave a reading of the Psalms.

The service closed with a song led by Mrs. Jon Nelson. Leslie Lowe was accompanist.
